

Criteria for Access to Regional Transmission webpage:

1. Entity must be a Market Participant as that term is defined in the CAISO Tariff or an electric utility regulatory agency within California.
2. Entity must either be a WECC Member OR obtain WECC's acceptance of its Non-Member Confidentiality Agreement, completed, executed and submitted directly to WECC by the Entity. (WECC Non-Member Confidentiality Agreement requires entity to provide a statement of legitimate business need of the confidential information.)
3. Entity must complete, execute and submit to the CAISO, the CAISO Non-Disclosure and Use of Information Agreement for Transmission Planning and Infrastructure Development (NDA). NDA must be originally executed, complete, correct, and the content unchanged.
 - a.) NDA must include fully a completed and signed Exhibit A for each individual employee of that Entity who is authorized to get access to the TPP information. Exhibit A also includes a mandatory statement that the signing party is or is not engaged in marketing, sales or brokering as set forth in 18 C.F.R. § 358.3(e).
 - b.) NDA must include fully completed and signed Exhibit B to facilitate the CAISO's confirmation that the Receiving Party is either a Market Participant or an electric utility regulatory agency within California. Exhibit B must be executed by a person authorized to sign on behalf of the Receiving Party.
