Emergency Assistance Resource IDs

**Distribution Restriction:
None**

The following assists in determining pre-assigned Interchange Market Resource IDs for use in conjunction with E-505, in the event that Emergency Assistance (Energy or Capacity) is requested from, or provided to, adjacent BAs.

These Emergency Assistance Resource IDs associated with the respective BA's SC have been placed in the Master File.

The tie points that have been selected for Emergency Assistance have been determined as a result of prior emergency events.

The corresponding CAISO e-Tag should include the following:
