**Re: The California Independent System Operator  
Corporation, Amendment No. 10 to ISO Tariff – Errata**

Dear Secretary Boergers:

It has come to our attention that the letter accompanying the July 27, 1998, filing of Amendment No. 10 to the ISO Tariff and Protocols, which are the ISO's FERC Electric Tariff, Original Volume No. 1, included certain errors. In particular, the reference line of the letter referred to implementation of Firm Transmission Rights, the letter was mislabeled as privileged and confidential, and certain references were omitted from footnote 2. Finally, it appears that the shaded portion of the redline version of the amendments was not reproduced by the copy machine on certain copies.

I am therefore enclosing six copies of a corrected version of the transmittal letter and six new copies of the redline version of the amendments.

Respectfully submitted,

N. Beth Emery  
Vice President and General Counsel  
Roger Smith
