the Commission's October 28, 1998 and May 26, 1999 orders in the above-captioned dockets. *AES Redondo Beach, L.L.C., et al.*, 85 FERC ¶ 61,123 (1998), *order on reh'g*, 87 FERC ¶ 61,208 (1999).

The MSC has informed the ISO that the report on the ISO's Ancillary Services and Imbalance Energy markets being prepared pursuant to those orders is currently undergoing review and revision, a process that will not be completed in time for submission of the report to the Commission today. The ISO will notify the Commission and the participants in this proceeding of any additional developments concerning this report.

Thank you for your attention to this matter.

Respectfully submitted,
