

FEDERAL ENERGY REGULATORY COMMISSION
WASHINGTON, D.C. 20426

OFFICE OF ENERGY MARKET REGULATION

California Independent System
Operator Corporation
Docket No. ER12-788-000
February 16, 2012

California Independent System
Operator Corporation
250 Outcropping Way
Folsom, CA 95630

Attention: Sidney M. Davies, Esquire
Assistant General Counsel for the California Independent
System Operator Corporation

Reference: Amended Large Generator Interconnection Agreement

Dear Ms. Davies:

On January 9, 2012, the California Independent System Operator (CAISO) filed an amendment to a Large Generator Interconnection Agreement (LGIA) among CAISO, Southern California Edison Company (SoCal Edison) and Palo Verde Solar II, LLC (Palo Verde). The LGIA was conditionally accepted for filing on February 4, 2011, in Docket No. ER11-2318-000.¹ CAISO states that Palo Verde requested an extension of ninety calendar days to provide a Partial Termination Charge Security under Section 12(b) of Appendix A of the LGIA. CAISO and SoCal Edison have agreed to amend Section 12(b) of Appendix A, to provide for an extension until April 7, 2012. Waiver of the Commission's notice requirements pursuant to section 35.11 of the Commission's rules and regulations

¹ *Southern California Edison Co. and California Independent System Operator Corp.*, 134 FERC ¶ 61,087 (2011). The Commission conditioned acceptance of the LGIA on the pending Commission decision regarding SoCal Edison's request for incentives and abandoned plant approval in Docket No. EL11-10-000. The Commission later granted SoCal Edison's request by order dated March 11, 2011. *Southern California Edison Co.*, 134 FERC ¶ 61,181 (2011).

(18 C.F.R. § 35.11) is granted and the proposed amendment to Section 12(b) of Appendix A of the LGIA is accepted for filing, effective January 7, 2012, as requested.

This filing was noticed on January 9, 2012, with comments, protests, or motions to intervene due on or before January 30, 2012. No protests or adverse comments were filed. Notices of intervention and unopposed timely filed motions to intervene are granted pursuant to the operation of Rule 214 of the Commission's Rules of Practice and Procedure (18 C.F.R. § 385.214). Any opposed or untimely filed motion to intervene is governed by the provisions of Rule 214.

This acceptance for filing shall not be construed as constituting approval of the referenced filing or of any rate, charge, classification or any rule, regulation or practice affecting such rate or service contained in your tariff; nor shall such acceptance be deemed as recognition of any claimed contractual right or obligation associated therewith; and such acceptance is without prejudice to any findings or orders which have been or any which may hereafter be made by the Commission in any proceeding now pending or hereafter instituted by or against the California Independent System Operator Corporation.

This action is taken pursuant to the authority delegated to the Director, Division of Electric Power Regulation – West, under 18 C.F.R. § 375.307. This order constitutes final agency action. Requests for rehearing by the Commission may be filed within 30 days of the date of issuance of this order pursuant to 18 C.F.R. § 385.713.

Sincerely,

Steve P. Rodgers, Director
Division of Electric Power
Regulation - West
