# 1. Procedure Detail

## 1.1. Purpose and Distribution

The California ISO (CAISO) sends Emergency notices when adverse grid or market conditions require activation of the CAISO Electrical Emergency Plan, which is implemented through CAISO’s Emergency procedures. Notices are targeted to control centers and communications departments of Participating Transmission Owners, Utility Distribution Companies, Metered Subsystems, Scheduling Coordinators as well as state, federal, regulatory and oversight agencies. Not all Emergency notices are necessarily sent to all recipients but rather to the stakeholders for each notice identified by the CAISO. Subsequent re-transmissions of these notices by media, public safety agencies, and others extend the audience to a much wider range of recipients than those specified above.

Emergency notices may be issued on a California ISO Grid or Regional (Northern or Southern California) basis. In addition to the standardized text in the following pages, CAISO Operators can elect to provide additional details and descriptions specific to the event.

### 1.1.1. Advisories, NOT Dispatch Instructions

Emergency notices do not serve as, nor should they be mistaken for, Operating Instructions issued by the CAISO. They are advisories only and Operating Instructions relative to system emergencies will be issued through established modes.

### 1.1.2. Disclaimer

Emergency notices are based on current conditions of the transmission grid system. While an Emergency notice reflects the most current information available to the CAISO at the time of issuance, transmission grid system conditions are subject to sudden and rapid change without warning and the accuracy of any notice cannot be assured. These CAISO notices are provided solely for informational purposes. Reliance by any party on the contents of these CAISO notices, regardless of any errors, omissions, inaccuracies, and/or subsequent changed conditions shall not be made the basis for any claim, demand, or cause for action against the CAISO. Any recipient's decisions or actions that may be based in any way whatsoever on the contents of these CAISO notices shall be the sole responsibility of the recipient.

1.2. Issuance of Emergency Notices

1.2.1. Flex Alert

**CAISO Grid, Northern CA Region, Southern CA Region, South OC San Diego Region, or VEA Region**

The California ISO has issued a Flex Alert for [the CAISO Grid, Northern CA Region, Southern CA Region, South OC San Diego Region or VEA Region] effective [Day], [Date].

Californians are urged to conserve electricity from [Date] at [Time] to [Date] at [Time] to avoid power disruptions.

A news release [is pending / has been issued]. For media inquiries, email ISOMedia@caiso.com.

1.2.2. Restricted Maintenance Operations Notice

**CAISO Grid, Northern CA Region, Southern CA Region, or VEA Region**

CAISO Grid Restricted Maintenance Operations [Notice No.]

The California ISO is declaring [CAISO Grid, Northern CA Region, Southern CA Region or VEA Region] RESTRICTED MAINTENANCE OPERATION for the period from [Start Date], [Start Time] through [End Date], [End Time].

Reason: [CAISO is anticipating high loads and temperatures across the CAISO Grid, Northern CA Region, Southern CA Region, or VEA Region].

Restricted Maintenance Operations, as detailed in CAISO Operating Procedure 4420, will be in effect.

Market Participants are cautioned to avoid actions, which may jeopardize generator and/or transmission availability.

Monitor system conditions on Today's Outlook (http://www.caiso.com/TodaysOutlook/Pages/default.aspx) and check with local electric utilities for additional information.

Notice issued at: [[Notice Post Date]]
CAISO Grid, Northern CA Region, Southern CA Region, or VEA Region

---------------------------------- DISCLAIMER ---------------------------

This CAISO notice is based on the current conditions of the transmission grid system. While this CAISO notice reflects the most current information available to the CAISO, because transmission grid system conditions are subject to sudden and rapid change without warning, the accuracy of this notice cannot be assured. This CAISO notice is provided solely for informational purposes. Reliance by any party on the contents of this CAISO notice, regardless of any errors, omissions, inaccuracies, and/or subsequent changed conditions shall not be made the basis for any claim, demand or cause for action against the CAISO. Any recipient's decisions or actions that may be based in any way whatsoever on the contents of this CAISO notice shall be the sole responsibility of the recipient.

1.2.3. Northern CA Region Restricted Maintenance Operations - Gas Supply Insufficiency Notice

Northern CA Region

Northern CA Region Restricted Maintenance Operations - Gas Supply Insufficiency [Notice No.]

The California ISO is declaring Northern CA Region RESTRICTED MAINTENANCE OPERATION for the period from [Start Date], [Start Time] through [End Date], [End Time].

Reason: [Natural gas curtailments in the Northern California area].

Restricted Maintenance Operations, as detailed in CAISO Operating Procedure 4120, Gas Transmission Pipeline Derates or Outages, will be in effect. Outages are not being Canceled at this time but need to follow the scheduled times to avoid cancellation. If outages need to be Cancelled, a separate RMO notice will be issued with additional information.

Market Participants are cautioned to avoid actions, which may jeopardize generator and/or transmission availability.

Monitor system conditions on Today's Outlook (http://www.caiso.com/TodaysOutlook/Pages/default.aspx) and check with local electric utilities for additional information.

Notice issued at: [[Notice Post Date]]
1.2.4. Southern CA Region Restricted Maintenance Operations - Gas Supply Insufficiency Notice

Southern CA Region

The California ISO is declaring Southern CA Region RESTRICTED MAINTENANCE OPERATION for the period from [Start Date], [Start Time] through [End Date], [End Time].

Reason: [Natural gas curtailments in the Southern California area].

Restricted Maintenance Operations, as detailed in CAISO Operating Procedure 4120, Gas Transmission Pipeline Derates or Outages, will be in effect. Outages are not being Canceled at this time but need to follow the scheduled times to avoid cancellation. If outages need to be Canceled, a separate RMO notice will be issued with additional information.

The California ISO will be using a gas nomogram in the Day-Ahead & Real-Time markets, along with approved outages, for the identified regions based on gas burn limits from the gas companies.

Transmission and generation operators are cautioned to avoid actions, which may jeopardize generator and/or transmission availability.
Monitor system conditions on Today's Outlook (http://www.caiso.com/TodaysOutlook/Pages/default.aspx) and check with local electric utilities for additional information.

Notice issued at: [Notice Post Date]

--------------------------------------------------------------------------  DISCLAIMER  --------------------------------------------------------------------------

This CAISO notice is based on the current conditions of the transmission grid system. While this CAISO notice reflects the most current information available to the CAISO, because transmission grid system conditions are subject to sudden and rapid change without warning, the accuracy of this notice cannot be assured. This CAISO notice is provided solely for informational purposes. Reliance by any party on the contents of this CAISO notice, regardless of any errors, omissions, inaccuracies, and/or subsequent changed conditions shall not be made the basis for any claim, demand or cause for action against the CAISO. Any recipient's decisions or actions that may be based in any way whatsoever on the contents of this CAISO notice shall be the sole responsibility of the recipient.

--------------------------------------------------------------------------

1.2.5. Generation Restricted Maintenance Operations Notice

CAISO Grid,
Northern CA Region, Southern CA Region, or VEA Region

GENERATION Restricted Maintenance Operations NOTIFICATION [Notice No.]

The California ISO is declaring [CAISO Grid, Northern CA Region, Southern CA Region or VEA Region] GENERATION Restricted Maintenance Operations for the period from [Start Date], [Start Time] through [End Date], [End Time].

Reason: [CAISO anticipates generation resources may be inadequate for the period covered by this notice].

Restricted Maintenance Operations, as detailed in CAISO Operating Procedure 4420, will be in effect. Additionally, Market Participants are cautioned to avoid actions, which may jeopardize generator availability.

This notice does not restrict scheduled outages, which do not affect generating resource availability.
1.2.6. Transmission Emergency Notice

CAISO Grid, Northern CA Region, Southern CA Region, or VEA Region

CAISO Grid TRANSMISSION EMERGENCY Notice [Notice No.]

The California ISO hereby issues a [CAISO Grid, Northern CA Region, Southern CA Region or VEA Region] TRANSMISSION EMERGENCY Notice effective [Start Date], [Start Time] through [End Date], [End Time] based on conditions as of [Notice Post Date].

Reason: [Reason]

Monitor system conditions on Today's Outlook (http://www.caiso.com/TodaysOutlook/Pages/default.aspx) and check with local electric utilities for additional information.

Notice issued at: [[Notice Post Date]]

--------------------------------------------------------------------------------------------

DISCLAIMER  

This CAISO notice is based on the current conditions of the transmission grid system. DISCLAIMER  

This CAISO notice is based on the current conditions of the transmission grid system. While this CAISO notice reflects the most current information available to the CAISO,
1.2.7. Transmission Emergency - Firm Load Interruptions Notice

Because transmission grid system conditions are subject to sudden and rapid change without warning, the accuracy of this notice cannot be assured. This CAISO notice is provided solely for informational purposes. Reliance by any party on the contents of this CAISO notice, regardless of any errors, omissions, inaccuracies, and/or subsequent changed conditions shall not be made the basis for any claim, demand or cause for action against the CAISO. Any recipient's decisions or actions that may be based in any way whatsoever on the contents of this CAISO notice shall be the sole responsibility of the recipient.

CAISO Grid, Northern CA Region, Southern CA Region, or VEA Region

Because transmission grid system conditions are subject to sudden and rapid change without warning, the accuracy of this notice cannot be assured. This CAISO notice is provided solely for informational purposes. Reliance by any party on the contents of this CAISO notice, regardless of any errors, omissions, inaccuracies, and/or subsequent changed conditions shall not be made the basis for any claim, demand or cause for action against the CAISO. Any recipient's decisions or actions that may be based in any way whatsoever on the contents of this CAISO notice shall be the sole responsibility of the recipient.

1.2.7. Transmission Emergency - Firm Load Interruptions Notice

Firm Load Interruption - Transmission Emergency Notice [Notice No.]

As of [Start Time] the California ISO has requested [Number/Value] MW of load to be shed due to the Transmission Emergency.

A separate notification will be made when load has been restored.

Monitor system conditions on Today's Outlook [http://www.caiso.com/TodaysOutlook/Pages/default.aspx] and check with local electric utilities for additional information.

Notice issued at: [[Notice Post Date]]

This CAISO notice is based on the current conditions of the transmission grid system. While this CAISO notice reflects the most current information available to the CAISO, because transmission grid system conditions are subject to sudden and rapid change without warning, the accuracy of this notice cannot be assured. This CAISO notice is provided solely for informational purposes. Reliance by any party on the contents of this CAISO notice, regardless of any errors, omissions, inaccuracies, and/or subsequent changed conditions shall not be made the basis for any claim, demand or cause for action against the CAISO. Any recipient's decisions or actions that may be based in any way whatsoever on the contents of this CAISO notice shall be the sole responsibility of the recipient.
1.2.8. EEA Watch Notice

CAISO Grid, Northern CA Region, Southern CA Region, or VEA Region

CAISO EEA Watch NOTICE [Notice No.]

An Energy Emergency Alert (EEA) Watch Notice has been declared for the California ISO for [CAISO Grid, Northern CA Region, Southern CA Region or VEA Region], effective [Start Date], [Start Time] through [End Date], [End Time].

Reason: [Reason]

CAISO analysis shows that all available resources are committed or forecasted to be in use, for the specified time period, and there is potential for an energy deficiency. Entities are encouraged to offer available energy and ancillary service bids, participating customers may be directed by utilities to use generators approved for emergencies, or to reduce load according to the protocols of each utility’s program.

Monitor system conditions on Today's Outlook (http://www.caiso.com/TodaysOutlook/Pages/default.aspx) and contact local electric utilities for details about their respective load reduction programs.

A news release will be distributed shortly.

-----------------------------------------------------------------------------------------------
## 1.2.9. EEA 1 Notice

<table>
<thead>
<tr>
<th>CAISO Grid, Northern CA Region, Southern CA Region, or VEA Region</th>
</tr>
</thead>
<tbody>
<tr>
<td>CAISO EEA 1 NOTICE [Notice No.]</td>
</tr>
</tbody>
</table>

**An Energy Emergency Alert (EEA) 1 has been declared for the California ISO for [CAISO Grid, Northern CA Region, Southern CA Region or VEA Region, effective [Start Date], [Start Time] through [End Date], [End Time].**

Reason: [Reason]

During the effective time period, all available generation resources in the CAISO Balancing Authority are committed to meet firm load, firm transactions, and reserve commitments. CAISO is anticipating that it can maintain sufficient Contingency Reserves during this period.

Conservation efforts are encouraged during this time, and entities are encouraged to offer available energy and ancillary service bids. During this time, participating customers may be directed by utilities to use generators that are approved for emergencies, or to reduce load according to the protocols of each utility’s program.

Monitor system conditions on Today’s Outlook [http://www.caiso.com/TodaysOutlook/Pages/default.aspx](http://www.caiso.com/TodaysOutlook/Pages/default.aspx) and contact local electric utilities for details about their respective load reduction programs.

**A news release will be distributed shortly.**

Notice issued at: [[Notice Post Date]]

This CAISO notice is based on the current conditions of the transmission grid system. While this CAISO notice reflects the most current information available to the CAISO, because transmission grid system conditions are subject to sudden and rapid change without warning, the accuracy of this notice cannot be assured. This CAISO notice is provided solely for informational purposes. Reliance by any party on the contents of this CAISO notice, regardless of any errors, omissions, inaccuracies, and/or subsequent changed conditions shall not be made the basis for any claim, demand or cause for action against the CAISO. Any recipient’s decisions or actions that may be based in any way whatsoever on the contents of this CAISO notice shall be the sole responsibility of the recipient.
1.2.10. EEA 2 Notice

**CAISO Grid, Northern CA Region, Southern CA Region or VEA Region**

CAISO EEA 2 Notice [Notice No.]

An Energy Emergency Alert (EEA) 2 has been declared for the California ISO for [CAISO Grid, Northern CA Region, Southern CA Region or VEA Region], effective [Start Date], [Start Time] through [End Date], [End Time].

Reason: [Reason]

The CAISO Balancing Authority is no longer able to provide its expected energy requirements and is an energy-deficient Balancing Authority. CAISO has implemented its Operating Plan(s) to mitigate Emergencies and is still able to maintain minimum Contingency Reserve requirements.

Conservation efforts are urged during this time, and entities are encouraged to offer available energy and ancillary service bids. During this time, participating customers may be directed by utilities to use generators that are approved for emergencies, or to reduce load according to the protocols of each utility's program.

To preserve grid reliability, the CAISO dispatch of emergency demand response programs may be necessary during this time. CAISO requests Utility Distribution Companies and Metered Subsystems to voluntarily reduce electricity use.

Monitor system conditions on Today's Outlook (http://www.caiso.com/TodaysOutlook/Pages/default.aspx) and contact local electric utilities for details about their respective load reduction programs.

A news release will be distributed shortly.

Notice issued at: [[Notice Post Date]]

****************************************************************************** DISCLAIRER ****************************

This CAISO notice is based on the current conditions of the transmission grid system. While this CAISO notice reflects the most current information available to the CAISO, because transmission grid system conditions are subject to sudden and rapid change without warning, the accuracy of this notice cannot be assured. This CAISO notice is provided solely for informational purposes. Reliance by any party on the contents of this CAISO notice, regardless of any errors, omissions, inaccuracies, and/or subsequent changed conditions shall not be made the basis for any claim, demand or cause for action.
1.2.11. EEA 3 Notice

An Energy Emergency Alert (EEA) 3 has been declared for the California ISO for [CAISO Grid, Northern CA Region, Southern CA Region or VEA Region] effective [Start Date] at [Start Time] through [End Date] at [End Time].

Reason: [Reason]

Firm load has been armed as contingency reserve but no operating instructions for firm load interruptions have been issued at this time.

CAISO is currently an energy-deficient Balancing Authority and is unable to meet minimum Contingency Reserve requirements. Utilities have been directed to prepare for possible load curtailments, use of Interruptible Loads, and requests for Out-of-Market (OOM) and Emergency Energy from all available sources.

Maximum conservation efforts are urged. During this time, participating utility customers will be directed by utilities to use generators that are approved for emergencies, or to reduce load according to the protocols of each utility’s program.

Utility Distribution Companies and Metered Subsystems shall stand by for operating instructions from the CAISO for load curtailments, use of Interruptible Loads and requests Out-of-Market (OOM) and Emergency Energy from all available sources.

Monitor system conditions on Today's Outlook (http://www.caiso.com/TodaysOutlook/Pages/default.aspx) and check with local electric utilities for additional information.

A news release will be distributed shortly.
1.2.12. EEA 3 - Firm Load Interruptions Notice

CAISO Grid, Northern CA Region, Southern CA Region or VEA Region

EEA 3 - Firm Load Interruption Notice [Notice No.]

As of [Start Time] the California ISO has requested [Number/Value] MW of firm load curtailments from its Utility Distribution Companies and Metered Subsystems.

To the extent practical, a portion of the total MW has been allocated to each utility on a pro-rata basis, and the utilities shall use their Electrical Emergency Plan to determine which customers are impacted.

The CAISO will issue a notification when firm load curtailments are no longer needed.

Monitor system conditions on Today’s Outlook (http://www.caiso.com/TodaysOutlook/Pages/default.aspx) and check with local electric utilities for additional information.

A news release will be distributed shortly.

Notice issued at: [[Notice Post Date]]
1.2.13. System Emergency Notice

The California ISO hereby issues a [CAISO Grid, Northern CA Region, Southern CA Region, or VEA Region] SYSTEM EMERGENCY Notice effective [Start Date], [Start Time] through [Start Date], [Start Time] based on conditions as of [Notice Post Date].

Reason: [Reason]

Monitor system conditions on Today’s Outlook (http://www.caiso.com/TodaysOutlook/pages/default.aspx) and check with local electric utilities for additional information.

1.3.8. EEA Watch Cancellation Notice

Monitor system conditions on Today’s Outlook (http://www.caiso.com/TodaysOutlook/pages/default.aspx) and check with local electric utilities for additional information.

Notice issued at: [[Notice Post Date]]
1.3.9. EEA 1 Cancellation Notice

CAISO EEA 1 CANCELLATION NOTICE [Notice No.]

Effective [Date] at [Time] the California ISO has ended the [CAISO Grid, Northern CA Region, Southern CA Region or VEA Region] Energy Emergency Alert 1 (EEA 1) in effect since [[Effective Date]].

Monitor system conditions on Today's Outlook (http://www.caiso.com/TodaysOutlook/pages/default.aspx) and check with local electric utilities for additional information.

Notice issued at: [[Notice Post Date]]

This CAISO notice is based on the current conditions of the transmission grid system. While this CAISO notice reflects the most current information available to the CAISO, because transmission grid system conditions are subject to sudden and rapid change without warning, the accuracy of this notice cannot be assured. This CAISO notice is provided solely for informational purposes. Reliance by any party on the contents of this CAISO notice, regardless of any errors, omissions, inaccuracies, and/or subsequent changed conditions shall not be made the basis for any claim, demand or cause for action against the CAISO. Any recipient's decisions or actions that may be based in any way whatsoever on the contents of this CAISO notice shall be the sole responsibility of the recipient.

Unless the context otherwise indicates, any word or expression defined in the Master Definitions Supplement to the CAISO Tariff shall have that meaning when capitalized in this Operating Procedure.

The following additional terms are capitalized in this Operating Procedure when used as defined below:

None.
### Version History

<table>
<thead>
<tr>
<th>Version</th>
<th>Change</th>
<th>Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>7.5</td>
<td>Modified the sections for Stage 2 and 3 emergencies. Added Version History and a Technical Review Section.</td>
<td>7/16/14</td>
</tr>
<tr>
<td>8.1</td>
<td>Annual Review:</td>
<td>6/29/17</td>
</tr>
<tr>
<td></td>
<td>- Aligned Flex Alert templates in procedure with AWE Tool template, per Communications request.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>- Minor formatting and grammar throughout.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Errata Change: version of last publish should reflect 8.0, but was noted as 8.1 in Version History only.</td>
<td></td>
</tr>
<tr>
<td>8.1</td>
<td>Added Section 1.2.11 and 1.2.12 for Restricted Maintenance Operations Northern and Southern CA – Gas Supply Insufficiency added to AWE Tool.</td>
<td>8/28/18</td>
</tr>
<tr>
<td></td>
<td>Noted Errata Change for version of last update in Version History. Minor formatting and grammar updates.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Updated language of notices per updated templates (added California, replaced ISO with CAISO, and added websites references).</td>
<td></td>
</tr>
<tr>
<td>9.0</td>
<td>Annual Review:</td>
<td>6/15/21</td>
</tr>
<tr>
<td></td>
<td>Updating messaging; changed order of alerts to be consistent with 4420, 4420B, Flex Alert, RMO, Transmission Emergency, Alert, Warning, etc. Updated instances of ISO to CAISO. Updated energy emergency language for warning, stages 1, 2, and 3. Added Table of Contents.</td>
<td></td>
</tr>
<tr>
<td>9.1</td>
<td>AWE messages modified to add references and actions related to demand response and the California State Emergency Program (CSEP).</td>
<td>8/20/21</td>
</tr>
<tr>
<td>10.0</td>
<td>Annual Review/Major Update:</td>
<td>5/01/22</td>
</tr>
<tr>
<td></td>
<td>Sections 1.2.8 through 1.2.12 and 1.3.8 through 1.3.12 - converted AWE notices to EEA notices – removing Grid Alert, Warning, Stage 1, Stage 2 and Stage 3, and adding EEA Watch, EEA 1, EEA 2 and EEA 3. Removed 1-hour probability notice. Updated procedure title by removing “System.”</td>
<td></td>
</tr>
<tr>
<td>10.1</td>
<td>Annual Review: Minor edit to Section 1.2.8. Updates to multiple message templates for 2023 summer (Sections 1.2.8, 1.2.9, 1.2.10, 1.2.11, 1.3.8, 1.3.9, 1.3.10, 1.3.11, and 1.3.12). Updated fact sheet URL reference throughout.</td>
<td>6/22/23</td>
</tr>
