Registration and breakfast service will begin at 8:00 a.m. The fair will kick-off promptly at 9:00 a.m., starting with a brief overview of the event and high-level description of the interconnection process followed by six presentations, each focused on specific components of the process. Presenters will allow time for questions after each presentation.

**Topics presented:**
- Interconnection Application Options
- Interconnection Timeline and Process
- Studies, Study results, and Project Cost Responsibility
- Agreements and Contract Management
- Resource Implementation and Market Modeling
- Metering and Telemetry

Continental breakfast, lunch and afternoon refreshments are provided. Optional tours of the ISO control room will be offered from 12:30-1:00 p.m. and again from 4:00-4:30 p.m.

**IMPORTANT NOTE:** Photo identification must be presented upon check in with California ISO security. You must be pre-registered for the event in order to be admitted on the ISO campus.
