Operator Corporation)**

**INFORMATION REPORT OF THE
CALIFORNIA INDEPENDENT SYSTEM OPERATOR CORPORATION**

The California Independent System Operator Corporation (“CAISO”) herein provides notice, pursuant to the Commission’s order dated November 19, 2015,¹ that it has implemented the market power mitigation procedures set forth in Section 39.7 of its tariff with respect to EIM transfer constraints between the NV Energy balancing authority area and the CAISO and PacifiCorp balancing authority areas, effective December 1, 2015.

In the November 19 Order, the Commission agreed with the CAISO that it would be appropriate to apply the CAISO’s real-time local market power mitigation procedures to transmission constraints between the NV Energy balancing authority area and the PacifiCorp and CAISO balancing authority areas.² The Commission required that the CAISO provide notice of the actual effective date within 10 days of NV Energy’s integration into the Energy Imbalance Market.³ NV Energy was implemented into the Energy Imbalance Market on December 1, 2015. Accordingly, the CAISO hereby provides notice
