

EMPLOYEES CODE OF CONDUCT

The Code of Conduct for officers, employees and substantially full-time consultants and contractors of the California Independent System Operator Corporation (the "Corporation") shall be as follows:

(a) STANDARDS

Non-Participation in Energy Transactions

- (1) Neither the Corporation, its officers, its employees or its substantially full-time consultants or contractors will act as a broker in connection with any power or energy sale or purchase.
- (2) Neither the Corporation, its officers, its employees or its substantially full-time consultants or contractors will purchase electricity, except for ordinary personal uses, or sell electricity except to the extent necessary to carry out the Corporation's functions.
- (3) Unless a request has been made in writing, supported by specific reasons, and unless prior written approval has been granted by the Governing Board, no officer or employee of the Corporation, and no substantially full-time consultant or contractor to the Corporation, may be an employee, director or attorney for, or a substantially full-time consultant or contractor to, any entity engaged in the generation, transmission, marketing or distribution of electricity (a "Market Entity"). Any such request shall be noticed on the agenda of the meeting of the Governing Board at which action on the request is scheduled to be taken and shall be deemed approved by the Governing Board if at least a majority of the Governors then in office vote in favor of granting such request.
- (4) No person shall become an officer or full-time or part-time employee of the Corporation, and no person shall be hired as a substantially full-time consultant or contractor to the Corporation, unless such person has agreed in writing to dispose of securities owned by such person which were issued

by a Market Entity or any affiliate thereof within six (6) months after the time such person is to commence providing services to the Corporation (no later than April 30, 1998, for persons employed by the Corporation on October 30, 1997) in order to assure that such person will not directly or indirectly (e.g., through a family trust, self directed pension or profit sharing plan, or employee benefit plan) own securities issued by a Market Entity or any affiliate thereof. Any question regarding whether particular securities are subject to this divestiture requirement, including shares of mutual funds or other collective investment vehicles owning securities issued by a Market Entity or any affiliate thereof, should be directed to the Corporation's Legal Department.

- (5) No officer or employee of the Corporation, and no substantially full-time consultant or contractor to the Corporation, shall acquire, directly or indirectly (e.g., through a family trust, self directed pension or profit sharing plan, or employee benefit plan) securities issued by a Market Entity or any affiliate thereof. Any questions regarding whether particular securities are subject to this limitation, including shares of mutual funds or other collective investment vehicles owning securities issued by Market Entity or any affiliate thereof, should be directed to the Corporation's Legal Department.

Administration of Tariffs

- (6) It is the policy of the Corporation to offer open-access transmission service on a non-discriminatory basis.
- (7) If there is discretion in the application of any tariff provision relating to the transmission of electricity, including, but not limited to, cost, available transmission capacity, scheduling, dispatching, ancillary services or transmission curtailment priority, the Corporation, its officers, employees and substantially full-time consultants and contractors will apply the tariff provision in substantially the same manner to the same or similarly situated persons.
- (8) The Corporation, its officers, employees and substantially full-

time consultants and contractors will strictly enforce any tariff provision relating to transmission service which does not, by its terms, provide for the exercise of discretion.

- (9) The Corporation, its officers, employees and substantially full-time consultants and contractors will process all similar requests for transmission in a non-discriminatory manner and without undue delay. The Corporation will maintain for public inspection records of all requests for transmission, when each request was received, and the determination of each request.
- (10) To the extent that the Corporation may grant a waiver of a non-material rule which provides for discretionary waiver, the Corporation will maintain a written log of each waiver of a rule, the circumstances involved, the person authorizing such waiver and the source of authority for such waiver and provide the log for review and copying at the request of any interested person at such person's expense during regular business hours at the Corporation's offices.

Non-disclosure of Transactional Information

- (11) The Corporation, its employees, and its substantially full-time consultants and contractors will abide by the Standards of Conduct for Public Utilities set forth in FERC Order 889 and 889A, as those standards are codified in 18 C.F.R. Section 37.1-37.4, as amended, or any successor law.
