AND DEFINING PROCEDURES**

(Issued March 24, 2003)

1. The first settlement conference in this proceeding had previously been scheduled for 10:00 a.m. on March 27, 2003.
2. A request has been made by Pacific Gas & Electric Company and the Calpine Companies that they be allowed to attempt to narrow the issues in contention by having their respective technical representatives meet and confer before the first settlement conference takes place. These parties have submitted a confidential joint position statement to the undersigned which details the matters they wish to discuss.
3. It appears that no other participants object to this procedure.
4. Accordingly, the Settlement Conference previously scheduled for March 27 is CANCELLED. Instead, a Settlement Conference is scheduled for Thursday April 24, 2003, at 10:00 a.m., in a hearing room of the Federal Energy Regulatory Commission, 888 First Street NE, Washington, D.C.
5. In the interim, it is expected that representatives of Pacific Gas and Electric Company and the Calpine Companies will meet and confer, attempting to narrow the issues in contention between them.
6. So that the undersigned may monitor their progress, those two parties are hereby required to submit to the undersigned a joint report of their progress (via e-mail), no later than close of business on April 11, 2003.

7. That confidential report is to be followed by a joint report by close of business on April 17, 2003, which is to be submitted (via e-mail) to all parties on the service list, as well as the undersigned.

8. After the submission of the second report, the undersigned will confirm the April 24 conference, or entertain suggestions for alternate procedures.

IT IS SO ORDERED.
