**Re: California Independent System Operator Corporation
Docket No. ER15-402____
Informational Letter**

Dear Secretary Bose:

Consistent with the Commission's directives in this proceeding, the California Independent System Operator Corporation (CAISO) was preparing to submit on February 13, 2015, its next monthly report on the performance of the Energy Imbalance Market for January 1 – January 31, 2015.¹ In preparing this report it became apparent that because the Commission required the CAISO to cover the full 90-days of the term of waiver, which ended on February 12, 2015, the CAISO would be required to file an additional report to cover February 1- 12, 2015. The CAISO considered trying to file the full report on February 13, but that does not provide the CAISO sufficient time to prepare the report to include the data for February 12. Therefore, the CAISO planned to file one final report on February 17, 2015, to be able to cover the full time period in one final report, with only a modest delay four days.

Today the Commission extended the waiver period to March 16, 2015, in an order issued in FERC Docket No. ER15-861. The CAISO understands this will also extend the reporting requirements over the extended term of the waiver. The CAISO will continue with its plan to cover January 1 through February 12, 2015, in a February 17, 2015. In addition, the CAISO will submit an additional report on or about March 23, 2015, to report on the remaining days covered by the term of the waiver, February 13 – March 16, 2015.

¹ The CAISO submits this report pursuant to *California Independent System Operator Corp.*, 149 FERC ¶ 61,194 (2014).

Please contact the undersigned with any questions.

Respectfully submitted,
