**Re: California Independent System Operator Corporation,  
Docket No. ER06-615-\_\_\_\_  
Errata to Informational Filing per CAISO Tariff Section 39.7.1.3.2  
Request for Privileged Treatment Under 18 C.F.R Section 388.112**

Dear Secretary Bose:

On February 7, 2017, the California Independent System Operator Corporation (CAISO) submitted an informational filing for negotiated default energy bids, major maintenance adders, and custom operations and maintenance adders for the month of January 2017. The reports erroneously labeled 11 major maintenance adders as new, which should have been labeled as terminated. This corrected informational filing includes the original negotiated default energy bids (Attachment A); the original new and revised major maintenance adders, and the correctly labeled reports for the terminated major maintenance adders (Attachment B). There were no custom operations and maintenance adders that went into effect in January 2017.

**I. REQUEST FOR CONFIDENTIAL TREATMENT**

Section 20.2 of the CAISO tariff requires that the CAISO treat individual bids from scheduling coordinators as confidential. Negotiated default energy bids and start-up and minimum load costs, which include custom operations and maintenance adders, and major maintenance adders, are components of bids. Accordingly, pursuant to section 20.2 of the CAISO tariff, the ISO has labeled the documents included with this filing as confidential. In addition, the documents contain proprietary information regarding specific generating units, such as unit efficiency factors, scaling factors, and operation and maintenance costs. For these reasons, the Commission should accord these attachments privileged treatment pursuant to 18 C.F.R. Section 388.112.

**II. CONTENTS OF FILING**
