UNITED STATES OF AMERICA  
BEFORE THE 
FEDERAL ENERGY REGULATORY COMMISSION

PETITION FOR LIMITED WAIVER OF THE CALIFORNIA INDEPENDENT SYSTEM OPERATOR CORPORATION

The California Independent System Operator Corporation (CAISO) respectfully requests a limited waiver of the order issued in this proceeding on June 25, 2021, to permit the CAISO to implement certain tariff provisions no later than July 30, 2021.¹

I. Background

On April 28, 2021, the CAISO filed tariff revisions in this proceeding to modify load, export, and wheeling priorities in the day-ahead and real-time market optimization processes and establish related market rules (April 28 Filing).² The April 28 Filing requested the Commission approve (1) an effective date for certain tariff revisions of June 28, 2021, and (2) an effective date for the remaining tariff revisions (referred to hereinafter as the “July 15 Tariff Revisions”) no later than July 15, 2021. Regarding the July 15 Tariff Revisions, the CAISO stated it would notify market participants five days in advance of the implementation date and notify the Commission of the actual effective

date within five business days after implementation. The June 25 Order accepted the CAISO’s tariff revisions effective June 28, 2021 and no later than July 15, 2021, as requested by the CAISO.

The CAISO cannot implement the July 15 Tariff Revisions by July 15, 2021 because the software code will not be ready for implementation by that date. The CAISO expects to implement the July 15 Tariff Revisions on July 20, 2021, but in no event later than July 30, 2021. To provide additional implementation flexibility and to avoid burdening the Commission with further filings, the CAISO requests a limited waiver of the June 25 Order to permit it to implement the July 15 Tariff Revisions no later than July 30, 2021, subject to the CAISO notifying the Commission of the actual implementation date within five business days of implementation.

II. Petition for Waiver

Good cause exists for the Commission to grant a limited waiver of the tariff revisions accepted in the June 25 Order. The Commission previously has granted requests for tariff waivers where: (1) the applicant acted in good faith; (2) the waiver was of limited scope; (3) the waiver addressed a concrete problem; and (4) the waiver did not have undesirable consequences, such as harming third parties. This waiver petition meets all four conditions.

The CAISO has acted in good faith to implement the July 15 Tariff Revisions in a timely manner. It promptly filed this request after determining it would be unable to

4 June 25 Order at P 1.
meet the targeted July 15, 2021 implementation date. The waiver is of limited scope because it will apply only for 15 days. The waiver will also remedy the concrete problem that the CAISO cannot implement the tariff revisions by July 15, 2021 without risking implementation of potentially flawed systems. The Commission previously has recognized that it is reasonable to postpone the effectiveness of tariff revisions where, as in this proceeding, it is infeasible to implement the tariff revisions on their intended effective date because the CAISO cannot properly deploy the software until a later date.6 Further, the waiver will not have undesirable consequences because the CAISO can continue to operate under the status quo for the limited waiver period.

Therefore, good cause exists to grant the CAISO’s request for limited waiver of the June 25 Order to permit it to implement the approved July 15 Tariff Revisions no later than July 30, 2021, subject to the CAISO notifying the Commission of the implementation date within five business days of implementation.

III. Conclusion

For the foregoing reasons, the Commission should find that good cause exists to grant this request for limited waiver to permit a delay in implementing the July 15 Tariff Provisions that the Commission approved in its June 25 Order.

Respectfully submitted,
