Attention: Bradley Miliauskas, Esquire
Counsel for California Independent System
Operator Corporation

Reference: Amended Metered Subsystem Agreement and Notice of Cancellation of
Participating Generator Agreement

Dear Mr. Miliauskas:

On May 21, 2010, you submitted for filing, on behalf of the California Independent System Operator Corporation (CAISO), a revised Amended and Restated Metered Subsystem (MSS) Agreement between the CAISO and the City of Riverside, California (Riverside). In addition, the CAISO also filed a Notice of Cancellation of an existing Participating Generator Agreement (PGA) between the CAISO and the City of Corona, California (Corona). Both the revised MSS Agreement and the Notice of Cancellation of the existing PGA reflect the planned transfer from Corona to Riverside of a power plant (Clearwater Plant) currently owned and operated by Corona. The CAISO requests that both the revised MSS Agreement and the Notice of Cancellation be effective on the closing date of the transfer of the Clearwater Plant between Corona and Riverside.¹ Waiver of the Commission's notice requirements pursuant to section 35.11 of the Commission's rules and regulations (18 C.F.R. § 35.11) is granted, and the revised MSS Agreement and Notice of Cancellation are accepted for filing effective on the closing date of the transfer of the Clearwater Plant from Corona to Riverside, as requested. Please be advised that you are required to submit the revised MSS Agreement

¹ CAISO has informed staff that the transfer is currently anticipated to occur in September 2010.
