Attention: Michael Kunselman
Attorney for the California Independent System Operator Corporation

Reference: Compliance Filing.

Dear Mr. Kunselman:

On June 27, 2007, you submitted, on behalf of the California Independent System Operator Corporation (CAISO), revised tariff sheets in accordance with the Commission's December 28, 2006 order in this proceeding.¹ The December 28 Order accepted amendments to the CAISO's tariff revising, among other things, the generator outage reporting requirements, to become effective the later of December 30, 2006 or 24 hours after the issuance of a market notice to the Commission. As a result, the Commission granted waiver of the Commission's 120-day advance notice requirement and allowed the proposed tariff sheets to become effective upon future notice by the CAISO. Pursuant to the December 28 Order, the CAISO was required to resubmit the relevant revised tariff sheets, identifying the appropriate effective date. On June 27,

¹ *California Independent System Operator Corporation*, 117 FERC ¶ 61,353 (2006) (December 28 Order).

2007, the CAISO issued a market notice informing the Commission and market participants that the generator outage reporting requirements, as accepted by the December 28 Order, will become effective June 28, 2007. In the instant submittal, the CAISO has submitted the relevant revised tariff sheets reflecting an effective date of June 28, 2007. The instant submittal makes the corrections required by the December 28, 2006 order. Accordingly, the filing satisfactorily complies with the Commission's order and is accepted, as designated, effective as requested.

The filing was noticed on July 3, 2007, with comments, protests, or motions to intervene due on or before July 18, 2007. No protests or adverse comments were received. Notices of intervention and unopposed timely filed motions to intervene are granted pursuant to the operation of Rule 214 of the Commission's Rules of Practice and Procedure (18 C.F.R. § 385.214). Any opposed or untimely filed motion to intervene is governed by the provisions of Rule 214.

This acceptance for filing shall not be construed as constituting approval of the referenced filing or of any rate, charge, classification or any rule, regulation or practice affecting such rate or service provided for in the filed documents; nor shall such acceptance be deemed as recognition of any claimed contractual right or obligation associated therewith; and such acceptance is without prejudice to any findings or orders which have been or any which may hereafter be made by the Commission in any proceeding now pending or hereafter instituted by or against the California Independent System Operator Corporation.

This action is taken pursuant to authority delegated to the Director, Division of Tariffs and Market Development – West, under 18 C.F.R. § 375.307 of the Commission's regulations. This order constitutes final agency action. Requests for rehearing by the Commission may be filed within 30 days of the date of issuance of this order, pursuant to 18 C.F.R. § 385.713.
