The California Independent System Operator Corporation (CAISO) submits this filing in compliance with the Commission's February 27, 2020 order accepting revisions to the Transmission Control Agreement (TCA).¹

As requested by the CAISO, the Commission accepted the changes to update and clean up the TCA effective February 28, 2020, and accepted the changes associated with HZWT effective as of either February 28, 2020 or the actual energization date of the HZWT project. The Commission also directed the CAISO to submit a compliance filing to revise the effective date for the TCA changes associated with HZWT in the event energization of the HZWT project occurred on a date other than February 28, 2020.²

On February 29, 2020, HZWT notified the CAISO that the project was energized on February 29, 2020. Consistent with the compliance directive in the
