Meeting Minutes Review and Updates

Beginning on January 1, 2019, the ISO implemented changes to the CRR settlements and the new day-ahead daily market watch report contains new metrics related to the CRR markets. The metric catalog for daily market watch reports will be updated with descriptions of the new metrics. The congestion rents that were a part of the old daily market watch reports will be added back in February. The ISO will discuss CRR market performance at the next MPPF meeting on February 20, 2019.

Weekly Market Performance Report

For January 9-22, 2019 the markets were generally quiet and there were very few price excursion due mild weather conditions.

General Reminders

- **NOTE:** The current best practice, and preferred method, of asking questions is to route through the **Customer Inquiry, Dispute and Information** system, "CIDI".
- Please submit your questions ahead of the call; there are occasions when we have to gather information: submission ahead of time allows us more preparation time to reply.
- To add general comments/questions/requests to the **action item list or meeting agenda**, market participants should also open corresponding CIDI tickets with both the Functional Environment as "Market Performance" and SCID as "XPUB" by close of business (COB) on Mondays.

¹ The California ISO (CAISO) hosts this bi-weekly market update conference call, generally at 10:15AM PST bi-monthly on Thursdays. This call is an opportunity for market participants to ask general questions regarding the market. Please send any questions to [CIDI system](#), which includes questions that have proprietary information and that might be commercially sensitive. Only general market-related questions which are neither proprietary, nor non time-sensitive should be sent to market_issues@caiso.com.
