The Honorable Magalie R. Salas  
Secretary  
Federal Energy Regulatory Commission  
888 First Street, N.E.  
Washington, D.C. 20426

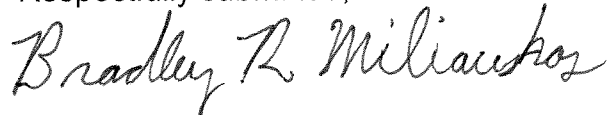

**Re: City of Anaheim, California  
Docket No. EL04-40-000**

Dear Secretary Salas:

Enclosed are one original and fourteen copies of the Motion to Intervene and Comments of the California Independent System Operator Corporation, submitted in the above-captioned proceeding.

Also enclosed are two extra copies of the filing to be time/date stamped and returned to us by the messenger. Thank you for your assistance. Please contact the undersigned if you have any questions regarding this filing.

Respectfully submitted,

David B. Rubin  
Bradley R. Miliauskas

Counsel for the California  
Independent System Operator  
Corporation

\* Individuals designated to receive service pursuant to Rule 203(b)(3) of the Commission's Rules of Practice and Procedure, 18 C.F.R. § 385.203(b)(3).<sup>2</sup>

## II. BACKGROUND

As stated in the December 29, 2003 Notice of Filing, on December 18, 2003, the City of Anaheim, California ("Anaheim") submitted to the Commission changes to its Transmission Revenue Balancing Account Adjustment ("TRBAA") and to Appendix I of its Transmission Owner Tariff ("TO Tariff"). Anaheim requested an effective date for its filing of January 1, 2004. Further, on page 2 of the transmittal letter for the December 18 filing, Anaheim stated in relevant part as follows:

The calculation of Net FTR Revenue requires a review of Anaheim's hourly schedules and transactions by transmission path, which constitutes confidential and commercially sensitive information which, if disclosed to other market participants, would expose Anaheim to competitive harm. Anaheim is submitting the detailed back-up data supporting the Net FTR Revenue calculation to the Commission on a confidential basis. In *City of Vernon, California*, Docket No. EL02-103-000, the parties proposed and the Commission approved as part of the settlement in that docket a procedure for review and validation of Vernon's Net FTR Revenue calculations. Under that procedure, set forth in § 1.4 of the Offer of Settlement approved by the Commission in its Letter Order dated February 5, 2003, Vernon submits the back-up data for its Net FTR Revenue calculations only to the Commission and to the ISO on a confidential basis. The ISO then compares Vernon's data against its own records to validate the data relied upon by Vernon. If the ISO confirms that Vernon's data are accurate, the detailed back-up information remains confidential and is not disseminated to the other parties. Anaheim respectfully requests that the Commission institute the same procedure approved in the Vernon docket for

---

<sup>2</sup> In addition to Mr. Ivancovich and Mr. Rubin, the ISO respectfully requests that Ms. Le Vine be included on the Official Service List. Mr. Ivancovich and Ms. Le Vine work in separate buildings and it would be of significant assistance to the ISO if both were included on the list.

review and validation of the confidential back-up data for Anaheim's Net FTR Revenue calculations.

### **III. BASIS FOR MOTION TO INTERVENE**

The ISO is a non-profit public benefit corporation organized under the laws of the State of California and responsible for the reliable operation of an electricity transmission grid comprising the transmission systems of San Diego Gas & Electric Company, Southern California Edison Company, Pacific Gas and Electric Company, and the Cities of Vernon, Anaheim, Azusa, Banning, and Riverside, California, as well as for the coordination of the competitive electricity market in California. As the operator of the grid, the ISO believes that it has a unique interest in any Commission proceeding concerning the filing described above, which involves the participation of Anaheim in the ISO as a Participating TO. Accordingly, the ISO requests that it be permitted to intervene herein with full rights as a party.

### **IV. COMMENTS**

The ISO appreciates Anaheim's providing, for the ISO's review and verification, the confidential information concerning Anaheim's Net FTR Revenue as described above. The ISO has reviewed the calculation and cannot at this time agree to the Net FTR Revenue amount. However, Anaheim and the ISO are very close and continue to work together to resolve the difference. If Anaheim and the ISO can reach agreement, the ISO believes that it can then validate the Net FTR Revenue data.

**V. CONCLUSION**

Wherefore, for the foregoing reasons, the ISO respectfully requests that the Commission permit it to intervene, and that it be accorded full party status in this proceeding.

Respectfully submitted,

David B. Rubin  
Bradley R. Miliauskas  
Swidler Berlin Shereff Friedman, LLP
