California Independent System
Operator Corporation

Docket No. ER00-2019-011

NOTICE OF FILING

(July 30, 2003)

Take notice that on July 25, 2003 the California Independent System Operator Corporation (ISO) tendered for filing revised tariff sheets in compliance with the Commission's Order on Rehearing of July 10, 2003, 104 FERC ¶61,062, in which the Commission held that certain transmission customers when they become Participating Transmission Owners served by certain generating facilities located "behind the meter" (i.e., not directly interconnected to the ISO Controlled Grid) should pay transmission Access Charges on a net load basis. ISO states that the revised tariff sheets are prospectively implementing this requirement.

Any person desiring to intervene or to protest this filing should file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. All such motions or protests should be filed on or before the comment date, and, to the extent applicable, must be served on the applicant and on any other person designated on the official service list. This filing is available for review at the Commission or may be viewed on the Commission's web site at <http://www.ferc.gov>, using the "FERRIS" link.
