**Re:** Notice of Planned Decisional Classification for “EIM Greenhouse Gas Enhancements”

---

***Any objection by the Chairs to this decisional classification is due by June 12, 2018.***

This is formal notice of ISO Management’s decisional classification for the “EIM greenhouse gas enhancements” initiative. Any objection by the Chairs to the decisional classification is due by June 12, 2018. Otherwise, this initiative will be presented for decision consistent with the classification described below.<sup>1</sup>

This initiative falls within the EIM Governing Body’s primary authority (E1), which means that the initiative will be presented to the EIM Governing Body for approval and, if it is approved, will be included on the consent agenda at the next ISO Board of Governors meeting.

This classification is consistent with the classification presented in the Briefing on Policy Outlook at the April 24, 2018 EIM Governing Body meeting.

The third revised draft final proposal for this initiative is located [here](#). Additional relevant papers for this initiative are located [here](#).

Written stakeholder comments on the final stakeholder paper, the third revised draft final proposal, which describes the proposed classification, were due May 23, 2018. There were no objections to the decisional classification.
