**Re: California Independent System Operator Corporation,
Docket No. ER06-615-_____
Informational Filing per CAISO Tariff Section 39.7.1.3.2
Request for Privileged Treatment Under 18 C.F.R. Section
388.112**

Dear Secretary Bose:

Pursuant to Section 39.7.1.3.2 of its tariff, the California Independent System Operator Corporation (CAISO) submits this informational filing containing the rates or formulas used to calculate negotiated default energy bids, custom operations and maintenance adders, and major maintenance adders that were implemented, modified or terminated in the month of September 2017. This filing includes information on 27 revised major maintenance adders (Attachment A). There were no new, revised, or terminated negotiated default energy bids or custom operations and maintenance adders in September 2017.

I. REQUEST FOR CONFIDENTIAL TREATMENT

Section 20.2 of the CAISO tariff requires that the CAISO treat individual bids from scheduling coordinators as confidential. Negotiated default energy bids and start-up and minimum load costs, which include custom operations and maintenance adders, and major maintenance adders, are components of bids. Accordingly, pursuant to section 20.2 of the CAISO tariff, the CAISO has labeled the documents included with this filing as confidential. In addition, the documents contain proprietary information regarding specific generating units, such as unit efficiency factors, scaling factors, and operation and maintenance costs. For these reasons, the Commission should accord these attachments privileged treatment pursuant to 18 C.F.R. § 388.112.

II. CONTENTS OF FILING

In addition to this transmittal letter, this filing includes the following attachments:

Attachment A Confidential Major Maintenance Adder Information.
