

# Day Ahead Scheduling Requirement Under MRTU

**Jacqueline M. DeRosa,  
Senior Market and Product Economist**

**California ISO**  
Your Link to Power

Market Surveillance Committee  
General Session  
August 10, 2007

# Review of July 18 Proposal

## Interim Scheduling Charge

**Weekly Report to FERC** - CAISO sends information to FERC; based on thresholds, rates, and exemptions to meet intent of FERC Directives

**FERC Determination**: If FERC determines persistent underscheduling, FERC could trigger interim charge

**Charge Implementation** – CAISO implements Interim Scheduling Charge by SC on going forward basis

# Proposed Refinements

 **CAISO (Not FERC) collects and reviews data**

 **Bright Line Rule**

- Based on Incidents per month **OR**
- Total incidents

 **Small Load Exemption Updated**

 **Forecast Data on OASIS**
