Aliso Canyon Gas-Electric Coordination Phase 3 – Straw Proposal

Submitted by	Company	Date Submitted
Aditya Chauhan – (626) 302-3764	Southern California Edison	June 14, 2017

Southern California Edison (SCE) offers the following comments on the Aliso Canyon Gas-Electric Coordination Phase 3 Straw Proposal¹ of the California Independent System Operator (CAISO).

SCE supports the CAISO proposal

SCE supports the CAISO proposal and addresses some components of the proposal in the following comments.

SCE had supported the Department of Market Monitoring (DMM) suggestions regarding the need for appropriate mitigation related to Exceptional Dispatches in its Phase 2 comments². SCE supports the notion that the ISO and DMM continue to evaluate this issue and any appropriate measures to address the issue³.

SCE also reiterates its prior support of the DMM recommendation⁴ that the CAISO should be prepared to adjust the cost scalar adders as appropriately needed.
