

**IMPORTANT NOTE:**

California ISO Conformed Tariff as of October 1, 2007

The Tariff is current through October 1, 2007. Currently effective language from Tariff Amendments and compliance filings, which FERC has approved, is shown in clean copy. Pending language from compliance filings that FERC has not ruled on as of October 1, 2007, but whose proposed effective date has already arrived, is shown in highlight.

Note that where such pending compliance filing language will supersede currently approved language, it will be necessary to consult previous versions of the Tariff to see the full text of the language superseded by the highlighted pending language.

The Tariff does not include Tariff Amendments submitted to the Commission but not yet approved.

This version updates the September 12, 2007 version of the Conformed Tariff to reflect:

- FERC's October 1, 2007 Letter Order in the Import Capability Allocation Amendment (ER07-648), which accepted the ISO's June 18, 2007 Compliance filing. The approved compliance language can be found on pages 463H, 463I.00, 463I.01, 463I.01B, 463I.02, and 463I.03.
