Subject: Comments on CRR Issues Discussed on the August 14, 2008 Conference Call

Hello There:

During the August 14, 2008 conference call on the 2009 CRR Release Process, one of the items discussed was the possibility of extending out the nomination window for the first tier. The CAISO had expressed a willingness to consider a one-week delay to the start of the nomination process - to September 10th (instead of September 3rd). One market participant appeared to suggest the CAISO also consider a longer delay - I think until September 17th.

SVP would support such a delay/extension to the start of the CRR nomination process. If a delay to September 17th is not possible, SVP would appreciate a delay to at least September 10th.

Thank you for the opportunity to comment on the issues. Please let me know if you have any questions.
