Dear Secretary Bose:

The California Independent System Operator Corporation (CAISO) submits this filing in compliance with the Federal Energy Regulatory Commission’s Order on Tariff Revisions and Directing Compliance issued on August 24, 2023 in the above-captioned docket. The CAISO requests that the Commission accept the proposed tariff revisions, effective September 13, 2023, as compliant with the August 24 Order.

I. Background

On May 31, 2023, the CAISO submitted a tariff amendment in this proceeding to (1) adjust the threshold it applies for considering the effectiveness of a resource in managing congestion, and (2) propose a new process to permit temporary changes.
to parameter values the CAISO market uses to reflect relative scheduling priorities and constraints. The CAISO included redline changes to Sections 27.4.3.4 and 27.4.3.5, and proposed a new section 31.4.1. The CAISO requested an effective date no later than September 30, 2023, subject to the CAISO filing a notice with the Commission within 5 days of the actual effective date.

In the August 24 Order, the Commission accepted in part, subject to condition, and rejected in part the proposed tariff revisions. The Commission directed the CAISO to submit a compliance filing within 30 days of the date of the order making several specific changes to proposed section 31.4.1. In this compliance filing, the CAISO submits the tariff revisions as directed in the August 24 order.

II. Materials Provided in this Compliance Filing

In addition to this transmittal letter, this compliance filing includes:

Attachment A  Clean CAISO tariff sheets reflecting the tariff revisions described above

Attachment B  Red-line CAISO tariff sheets reflecting the tariff revisions described above
III. Conclusion

The CAISO requests that the Commission accept this compliance filing effective September 13, 2023.

Respectfully submitted,

Attachment A – Clean Tariff

Compliance Filing – Market Parameter

California Independent System Operator Corporation

September 13, 2023
31.4.1 Temporary Changes to Scheduling Run Parameter Values

If the CAISO determines it is necessary to modify the scheduling run parameter values in sections 31.4, 34.12.1, or 34.12.2 to address market solutions that do not align with scheduling priorities or avoid operational or reliability problems the resolution of which would otherwise require recurring operator intervention outside normal scheduling and market procedures, it may temporarily modify the value for a period up to ninety days. If circumstances reasonably allow, CAISO will consult with CAISO’s Market Monitoring Unit before implementing such modification. In all circumstances, the CAISO will (i) consult with those entities as soon as reasonably possible after implementing a temporary modification, and (ii) notify Market Participants within one business day after the change of any temporary modification and explain the reasons for the change.

This section does not authorize the CAISO to change the scheduling run parameter values in a manner that changes the relative scheduling run priorities specified in sections 31.4, 34.12.1, and 34.12.2.

31.4.1 Temporary Changes to Scheduling Run Parameter Values

If the CAISO determines it is necessary to modify the scheduling run parameter values in sections 31.4, 34.12.1, or 34.12.2 to address market solutions that do not align with scheduling priorities or avoid operational or reliability problems the resolution of which would otherwise require recurring operator intervention outside normal scheduling and market procedures, it may temporarily modify the value for a period up to ninety days, provided however CAISO will file such change with FERC under Section 205 of the Federal Power Act within thirty days of such modification. If circumstances reasonably allow, CAISO will consult with FERC and the CAISO’s Market Monitoring Unit before implementing such modification. In all circumstances, the CAISO will (i) consult with those entities as soon as reasonably possible after implementing a temporary modification, and (ii) notify Market Participants within one business day after the change of any temporary modification and explain the reasons for the change. This section does not authorize the CAISO to change the scheduling run parameter values in a manner that changes the relative scheduling run priorities specified in sections 31.4, 34.12.1, and 34.12.2.
