Re: Notice of Planned Decisional Classification for “Washington State WEIM Greenhouse Gas Enhancements”

Any objection by the Chairs to this decisional classification is due by Monday, October 17, 2022.

This is formal notice of Management’s decisional classification for “Washington State WEIM Greenhouse Gas Enhancements,” which proposes modifications to tariff rules about default energy bids and commitment costs in order to support Washington State WEIM entities with their greenhouse gas reporting for emissions year 2022 and beyond.

Any objection by the Chairs to the decisional classification is due by Monday, October 17, 2022. Otherwise, this initiative will be presented for decision consistent with the classification described below.¹

This initiative falls within the joint authority of the ISO Board of Governors and the WEIM Governing Body. The ISO Board of Governors and the WEIM Governing Body have joint authority over any

proposal to change or establish any CAISO tariff rule(s) applicable to the EIM Entity balancing authority areas, EIM Entities, or other market participants within the EIM Entity balancing authority areas, in their capacity as participants in EIM. This scope excludes from joint authority, without limitation, any proposals to change or establish tariff rule(s) applicable only to the CAISO balancing authority area or to the CAISO-controlled grid.

Charter for EIM Governance § 2.2.1. The initiative falls within joint authority because the proposed changes would all be “applicable to EIM Entity balancing authority areas, EIM Entities, or other market participants within EIM Entity balancing authority areas, in their capacity as participants in EIM.”

¹ The process is described in the [Guidance for Handling Initiatives that may Come Before the EIM Governing Body](#).

Written stakeholder comments on the draft final proposal, including the proposed classification, were due October 7, 2022. No stakeholders objected to this classification.

The draft final proposal for this initiative is located [here](#). Additional relevant papers for this initiative are located [here](#).
