Reference: Metered Subsystem Agreement

Dear Mr. Anders:

On December 30, 2011, the California Independent System Operator Corporation (CAISO) submitted for filing a Second Amended and Restated Metered Subsystem Agreement between the CAISO and the City of Riverside, California (City of Riverside). The CAISO states that the proposed agreement provides for, among other things: (1) changes to recognize the CAISO grid management charge structure effective January 1, 2012; (2) changes necessary to incorporate external resources' Hour-Ahead Scheduling Process self schedules and associated operational adjustments as part of City of Riverside load following portfolio and associated calculations should City of Riverside elect to load follow; and (3) a modification of the requirement for a single point of contact and the deletion of Schedule 6 to recognize that the parties will update operational contact information as this information changes from time to time. Waiver of the Commission's notice requirements pursuant to section 35.11 of the Commission's rules and regulations (18 C.F.R. § 35.11) is granted and the Second Amended and Restated Metered Subsystem Agreement with the City of Riverside is accepted for filing, effective January 1, 2012, as requested.

The filing was noticed on January 3, 2012, with comments, protests, or motions to intervene due on or before January 20, 2012. No protests or adverse comments were filed. Notices of intervention and unopposed timely filed motions to intervene are granted pursuant to the operation of Rule 214 of the Commission's Rules of Practice and

Procedure (18 C.F.R. § 385.214). Any opposed or untimely filed motion to intervene is governed by the provisions of Rule 214.

This action does not constitute approval of any service, rate, charge, classification, or any rule, regulation, contract, or practice affecting such rate or service provided for in the filed documents; nor shall such action be deemed as recognition of any claimed contractual right or obligation affecting or relating to such service or rate; and such action is without prejudice to any findings or orders which have been or may hereafter be made by the Commission in any proceeding now pending or hereafter instituted by or against California Independent System Operator Corporation.

This action is taken pursuant to authority delegated to the Director, Division of Electric Power Regulation - West, under 18 C.F.R. § 375.307. This order constitutes final agency action. Requests for rehearing by the Commission may be filed within 30 days of the date of issuance of this order, pursuant to 18 C.F.R. § 385.713.

Sincerely,
