Ambient Temperature Information:

Resource ID: _____		Revenue Meter Device ID: _____
Times:	Ambient Temperatures:	Average Temperature: _____
1. _____	1. _____	
2. _____	2. _____	
3. _____	3. _____	
4. _____	4. _____	

Email to: ASNotifications@caiso.com immediately after test has been completed, no later than 11:00 am the following day. Ensure all requested information is completed.

Note:

- 1) Each of the four points must reside in a different hour of the test.
- 2) Test results are affected by ambient temperature information – the more accurate the temperature, the more accurate the results.
- 3) Availability Test means a test of a Unit’s Availability requested by the CAISO or Owner pursuant to Section 4.9(a) of the PRO FORMA MUST-RUN SERVICE AGREEMENT. The Average Temperature as determined in this Supplement shall be used with RMR Schedule A, Item 3 Ambient Temperature Correction Factors for Availability Test to correct the MW output for ambient air temperature at the time of the test.
