# Reliability Requirements Customer Partnership Group
August 2017

Abdul Mohammed-Ali
Operations Planning

Sandhya Balasubramanian
Business Solutions Manager

Agenda

- Important Operation Dates

- Market Simulation Scenarios for RSI

- Tips for Plan Upload

- Product Backlog & Roadmap

Important Operation Dates

California ISO

Important Operation Dates

- 2018 Draft NQC and EFC lists posted
  - Comments due by September 1st

- Step 13 of the 2018 Annual Import Allocation process (in progress)

Market Simulation Scenarios for RSI

Market Simulation Scenarios for RSI

- Suppliers & LSEs upload and download new RA & Supply plan templates
  - Validate annual and monthly plans
  - List local, system & flexible RA
  - Verify cross validation
    - Verify listed local and local validation
  - Verify missing & late plans report
  - Verify system/local capping

Market Simulation Scenarios for RSI

- Suppliers to validate planned outage substitution obligation
  - System runs OIA & POSO
  - Supplier to view OIA output
    - MW impact
    - Operational RA
  - Supplier to view initial planned outage substitution obligation for RA (initial POSO)
  - ISO to verify CSRM output

Market Simulation Scenarios for RSI

- Suppliers to validate planned outage substitution obligation for new outages
    - Supplier submits new outages
    - Supplier changes outages submitted before T-25
    - System runs OIA & POSO
    - Supplier to view latest POSO runs and changes in POSO
    - ISO to verify CSRM output

Market Simulation Scenarios for RSI

- Supplier submits planned outage substitution
  - For RA & CPM resources

- Supplier submits forced outage substitution
  - Validate local and system split
  - For RA & CPM resources

- Validate RAAIM for above scenarios

- Validate RA report

Tips for Plan Upload

Tip for Monthly & Annual - RA & Supply Plan Upload

- For TGs and ITIEs suggest using a date range if RA is for multiple days in a row

Resource Capacity Contract Number	Resource ID in CAISO Master File	RA Capacity (MW 00.00 No Rounding)	RA Capacity Effective Start Date (mm/dd/yyyy hh:mm:ss)	RA Capacity Effective End Date (mm/dd/yyyy hh:mm:ss)	Capacity Designation (D, S, or N)
XYZ	RES1	75.00	09/11/2017 00:00:00	09/30/2017 23:59:59	D
