**Re: California Independent System Operator Corporation
Docket No. ER05-1501-000**

Dear Secretary Salas:

Enclosed for filing in the above-referenced docket please find the Errata to the California Independent System Operator Corporation's ("CAISO") March 22, 2006 conformed Simplified and Reorganized Tariff ("S&R Tariff"). The Errata addresses comments filed in the above-captioned proceeding in response to the March 22, 2006 conformed S&R Tariff.

Thank you for your assistance in this matter.

Respectfully submitted,

Charles F. Robinson

Docket No. ER05-1501-000

**ERRATA TO THE COMPLIANCE FILING OF THE
CALIFORNIA INDEPENDENT SYSTEM OPERATOR CORPORATION
IN RESPONSE TO COMMENTS**

The California Independent System Operator Corporation ("CAISO") submits this Errata to the CAISO's March 22, 2006 conformed Simplified and Reorganized Tariff ("S&R Tariff").

In response to the CAISO's initial September 22, 2005 S&R Tariff filing, intervenors expressed concern with the manner in which the CAISO integrated former Schedules and Bids Protocol ("SBP") Section 7.5 into S&R Tariff Section 6.6. In its November 4, 2005 Answer, the CAISO addressed this concern by proposing to delete the provisions of former SBP 7.5 and replace them in S&R Tariff Section 6.6 with the provisions of the then-conformed S&R Tariff Section 6.4. The CAISO filed proposed revisions to this effect on January 13, 2006, and the Commission accepted those revisions in its order of February 24, 2006.¹ However, when the CAISO undertook to file a "conformed" version of the S&R Tariff on March 22, 2006 to incorporate the revisions previously accepted by the Commission, "ISO Protocols" was erroneously changed in Section 6.6 to "Business Practice Manuals".² Accordingly, Attachment A to this Errata filing contains both a blacklined and clean S&R Tariff Section 6.6 to reflect

¹ 114 FERC ¶ 61,199 (2006).

² The Transmission Agency of Northern California ("TANC"), Modesto Irrigation District ("MID"), the City of Redding, California ("Redding"), the City of Santa Clara, California, doing business as Silicon Valley Power ("SVP"), and the M-S-R Public Power Agency ("M-S-R") noted this error in their April 12, 2006 comments filed in Docket No. ER05-1501-000.

the accurate reference to “ISO Protocols” previously accepted by the Commission rather than “Business Practice Manuals”.

CERTIFICATE OF SERVICE

I hereby certify that I have this day served the foregoing document upon each person designated for service on the Secretary's official service list in the above-captioned proceeding.

Dated at Folsom, California on this 27th day of April, 2006.

/s/ Charity Wilson

Charity Wilson
Counsel for the California Independent System
Operator Corporation

ATTACHMENT A.2
CLEAN CONFORMED S&R TARIFF SECTION 6.6

6.5 Information to be Provided By Connected Entities to the ISO.

6.5.1 Each Participating TO and Connected Entity shall provide to the ISO:

6.5.1.1 A single and an alternative telephone number and a single and an alternative facsimile number by which the ISO may contact 24 hours a day a representative of the Participating TO or Connected Entity in, or in relation to, a System Emergency;

6.5.1.2 The names or titles of the Participating TO's or Connected Entity's representatives who may be contacted at such telephone and facsimile numbers.

6.5.2 Each representative specified pursuant to Section 6.5.1 shall be a person having appropriate experience, qualification, authority, responsibility and accountability within the Participating TO or the Connected Entity to act as the primary contact for the ISO in the event of a System Emergency.

6.5.3 The details required under this Section 6.5 shall at all times be maintained up to date and the Participating TO and the Connected Entity shall notify the ISO of any changes promptly and as far in advance as possible.

6.6 Failure or Corruption of the WEnet.

The ISO shall, in consultation with Scheduling Coordinators, make provision for procedures to be implemented in the event of a total or partial failure of WEnet or the material corruption of data on WEnet and include these procedures in the ISO Protocols. The ISO shall ensure that such alternative communications systems are tested periodically.

6.7 Confidentiality.

All information posted on WEnet shall be subject to the confidentiality obligations contained in Section 20 of this ISO Tariff.

6.8 Standards of Conduct.

The ISO and all Market Participants shall comply with their obligations, to the extent applicable, under the standards of conduct set out in 18 C.F.R. §37.
