Wholesale Rates of Public Utility Sellers of Energy and

Errata Filing

Dear Secretary Salas:

On April 3, 2006, the California Independent System Operator Corporation (CAISO) filed its monthly Status Report concerning the CAISO's Market Redesign and Technology Upgrade (MRTU) project. The CAISO filed and served a public version of the April Status Report with a redacted version of Attachment A. The CAISO also filed a nonpublic version of the April Status Report with a **CONFIDENTIAL**, nonredacted version of Attachment A. Attachment A to the April 3, 2006 contained an error, which resulted in erroneous information reported in the budget sheet. Accordingly, the CAISO is submitting a singly copy of a revised version of Attachment A in this errata filing, which is also marked as **CONFIDENTIAL**.

The CAISO requests privileged treatment for the instant filing pursuant to 18 C.F.R. § 388.112 because public disclosure of the entire contents of Attachment A would disclose confidential business information and jeopardize the CAISO's future negotiation with vendors regarding implementation of the MRTU project.
