**Re: California Independent System Operator Corporation,
Docket No. ER06-615-____
Informational Filing per CAISO Tariff Section 39.7.1.3.2
Request for Privileged Treatment Under 18 C.F.R Section 388.112**

Dear Secretary Bose:

Pursuant to Section 39.7.1.3.2 of its tariff, the California Independent System Operator Corporation (CAISO) submits this informational filing containing the rates or formulas used to calculate negotiated default energy bids, custom operations and maintenance adders, major maintenance adders, and opportunity costs for the month of July, 2019. In these reports, the CAISO includes information on new, modified, or terminated rates and formulas that were implemented in the preceding month. In July 2019, there was one revised negotiated default energy bid (Attachment A); one new major maintenance adder (Attachment B); and 21 new calculated opportunity cost adders (Attachment C). There were no new, revised, or terminated custom operations and maintenance adders in July 2019.

Section 20.2 of the CAISO tariff requires that the CAISO treat individual bids from scheduling coordinators as confidential. Negotiated default energy bids and start-up and minimum load costs, which include custom operations and maintenance adders, and major maintenance adders, are components of bids. Accordingly, pursuant to section 20.2 of the CAISO tariff, the CAISO has labeled the documents included with this filing as confidential. In addition, the documents contain proprietary information regarding specific generating units, such as unit efficiency factors, scaling factors, and operation and maintenance costs. For these reasons, the Commission should accord these attachments privileged treatment pursuant to Section 388.112 of the Commission's regulations.

Please contact the undersigned if you have any questions or concerns regarding the foregoing.

Respectfully submitted,

By: /s/ Anna A. McKenna
