

Board Update: BPM Change Management Process

February 5-6, 2015 Board Meeting

Active PRR Stage	# of PRR's
Initial stakeholder meeting	9
Stakeholder meeting on recommendation	2
Final decision	3
Total	14

Business Practice Manual (BPM)	# of PRR's
Energy Imbalance Market	1
Market Instruments	1
Market Operations	5
Metering	1
Reliability Requirements	3
Scheduling Coordinator Certification and Termination	1
Settlements and Billing	2
Total	14

Adopted or Rejected	PRR Number	PRR Title	Submitter	Final Decision
Adopted	776	Section 8 outage management system integration	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	778	Change SLIC to outage management system	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	779	Limited operation study procedures	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	780	Change SLIC to outage management system	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	781	FERC order 789	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	782	Major maintenance adder revisions	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	783	Outage management system replacement	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	784	Generating unit repowering overview and timeline, change BPM name to generator management	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	785	Report definitions	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	786	Flexible resource adequacy capacity	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	787	Use-limited resource process updates	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	788	Section 10.3.2.1 flexible ramping capacity requirement update	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	789	Update real time pre-calculation and charge code 6477 – real time imbalance energy offset configuration guides to account for the calculation of incremental real time dispatch energy imbalance market transfer quantity	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	790	Update BPM configuration guide for start-up and minimum load calculations associated with binding shut-down conditions	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	791	Updated BPM configuration guide for charge code 6474 to remove reference to terminated charge code	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.

Adopted	792	Updated BPM configuration guide for charge code 6470 to modify common real time imbalance energy formulas for metered subsystem resources	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	793	Updated BPM configuration guide for pre-calculation spin non-spin no pay quantity pre-calculation to adjust formulation deriving negative billable quantities	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	794	Updated configuration guides for settlement and cost allocations for flexible resource adequacy capacity in support of the flexible resource adequacy capacity and must offer obligation project	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	795	Updated BPM configuration guides to remove pass-thru-bill functionality for bid cost recovery uplift charge codes	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	796	Update configuration guide pre-calculation real time price configuration to calculate the fifteen minute market metered subsystem net locational marginal price and fifteen minute market metered subsystem net marginal cost of congestion price calculation to include aggregated Pnodes	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	797	Updated BPM configuration guides for charge code 8824 and charge code 8825 to add pass thru bill component	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	798	Updates to include BPM sections on market clearing and the credit portal as well as other credit management clean up items	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	799	Update BPM configuration guide for metered energy adjustment factor to modify the persistent deviation metric threshold test	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	800	CAISO market results interface name change	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	801	Update to BPM configuration guides to limit calculations to ISO balancing authority area	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
Adopted	802	Automated multiple substitutions per resource	California ISO	The ISO will adopt the BPM change as proposed in the recommendation.
