

Comments on CAISO's 2017 Policy Initiatives Roadmap and Ranking of Stakeholder Initiatives

November 17, 2016

On November 3, 2016, CAISO hosted a call to review 2017 planned policy initiatives and the initial ranking of discretionary initiatives listed in the September 15, 2016 Draft 2017 Stakeholder Initiatives Catalog and subsequent updates. The CAISO requested stakeholders comment on the CAISO's ranking of initiatives in terms of benefits and feasibility. California Department of Water Resources State Water Project (CDWR) appreciates the opportunity to submit comments.

Comments:

CDWR believes the initiative Aggregated Pumps and Pumped Storage should be ranked 7 (moderate improvement) in terms of Grid Reliability, because the potential to help mitigate over generation conditions.
