California ISO President and CEO Yakout Mansour Discusses Realignment & Reduction Grid Management Charge to Drop to Lowest Rate Ever

(Folsom, CA) Yakout Mansour, President and Chief Executive Officer of the California Independent System Operator Corporation (California ISO), will be available to discuss the major corporate realignment of the not-for-profit grid operator. The toll for wholesale users of the open-market grid will decrease 15 percent in 2006, with a 30 percent reduction in the Grid Management Charge (GMC) targeted by 2010. The realignment is designed to streamline the organization while improving services and maintaining a high-degree of reliability on the ISO power grid. See [news release](#) for details and join us at 10:00 a.m. (PST).
