RE: Notice That The California Independent System Operator Will Not File
Compliance Report, Docket Nos. ER01-313-004 & ER01-424-004

Dear Secretary Salas:

In Paragraph 80 of the Commission's "Order Approving Uncontested Settlement," issued on November 7, 2005 in the above-captioned proceeding, the Commission directed the California Independent System Operator Corp. ("CAISO") to work with Participating Transmission Owners ("PTOs"), to correct the deficiencies of Exh. ISO-55 and make a compliance filing reflecting the total universe of modeled generation for the locked-in period.

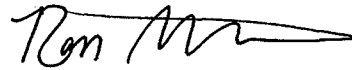

The Commission ordered that the CAISO file the compliance report within 30 days of the issuance of the November 7th order, "unless any request for rehearing of this order is filed, in which case the compliance filing should be made within 30 days of the issuance of a final order in this proceeding."

Since the issuance of the order, the CAISO has reviewed the list of generators identified in Exhibit ISO-55 and worked with each of the PTOs to correct any errors in the list. The CAISO will have shortly a list of generators that it and the PTOs all believe to be accurate.

Notwithstanding the progress that the CAISO has made in meeting its obligations under the order, the CAISO learned from counsel to other parties in this proceeding that at least one other party will file a request for rehearing. Based on that assurance, the CAISO informs the Commission that it will not file its compliance report today, but will, instead,

file it within 30 days of the issuance of a final order in this proceeding, as ordered by the Commission.

Respectfully submitted,
