Decision on Hybrid Resources – Aggregate Capability Constraints Implementation

General Session

Motion

Moved, that the ISO Board of Governors approves the tariff revisions necessary to enhance the hybrid co-located resources model to include subordinate aggregate capability constraints as described in the memorandum dated July 7, 2021; and

Moved, that the ISO Board of Governors authorizes Management to make all necessary and appropriate filings with the Federal Energy Regulatory Commission to implement the proposal, including any filings that implement the overarching initiative policy but contain discrete revisions to incorporate Commission guidance in any initial ruling on the proposed tariff amendment.
