

DYNEGY COMMENTS TO PAYMENT ACCELERATION DRAFT TARIFF
LANGUAGE – May 15, 2009

1. The defined term appears to be "Initial Settlement Statement T+7", but in some places the CAISO uses the term "Initial Settlement Statement T+7B" (e.g., 11.23, 11.29.5.2, 11.29.8.4.1). The CAISO should use one or the other term consistently throughout the tariff.
2. Why not delete the balance of Section 11.1.4? It adds nothing following the deletion of the language proposed by the CAISO.
3. In Section 11.29.7.1.4 (page 46 of the tariff mark-up), should the term be "Recalculation Settlement Statement T+76BD" instead of "76th Day Recalculation Settlement Statement"?
