**Re: California Independent System Operator Corporation
Errata to Filing of an Amendment to Non-Conforming Service
Agreement No. 625
Docket No. ER09-1385-000**

FILED
SECRETARY OF THE
FEDERAL ENERGY
REGULATORY COMMISSION
2009 JUL -1 P 4: 24

Dear Secretary Bose:

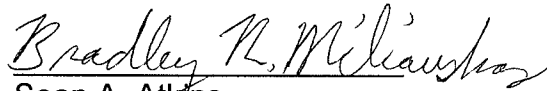

Yesterday, in the above-referenced proceeding, the California Independent System Operator Corporation ("ISO") submitted for Commission filing and acceptance Amendment No. 1 to the Amended and Restated Metered Subsystem ("MSS") Agreement between the ISO and the City of Anaheim, California ("June 30 Filing"). After it submitted the June 30 Filing, the ISO discovered that it had inadvertently not included one of the attachments to that filing – the executed Amendment No. 1. In the instant errata filing, the ISO submits the executed Amendment No. 1 for Commission review.¹

¹ The executed Amendment No. 1 is provided in the instant filing as Attachment C to the June 30 Filing. As submitted yesterday, the only attachments included in the June 30 Filing were Attachment A, which contains the public version of the Amended and Restated MSS Agreement as revised by Amendment No. 1, and Attachment B, which contains the public version of the Amended and Restated MSS Agreement with the changes contained in Amendment No. 1 shown in black-line format. As reflected in the transmittal letter for the June 30 Filing, the executed Amendment No. 1 was intended to be Attachment A to that filing, but due to the inadvertent omission of the executed Amendment No. 1 the ordering of the attachments as listed in the June 30 Filing has been changed.
