Re: Nomination for Transitional Committee

Dear Chairman Foster:

As General Manager of Burbank Water and Power (BWP), I am pleased to put forward the nomination of Tony Braun to serve on the proposed Transitional Committee to advise the CAISO Board of Governors on certain matters associated with the Energy Imbalance Market (EIM).

The California Municipal Utilities (CMUA) is the statewide association of municipal utilities and has endorsed the candidacy of Mr. Braun to be put forth for the Publicly Owned Utility (POU) sector.

Mr. Braun has represented CMUA for 18 years, and in that time has earned the trust of the municipal community as he has navigated not only the complex subject matter inherent in wholesale market design, but also the sometimes divergent views of CMUA members. Mr. Braun has shown the ability not only to forge consensus among POU's, but also work across multiple industry sectors to fashion compromises.

In addition to working directly with CMUA, Mr. Braun works with other POU's both regional and nationally, that are outside of the CAISO footprint. Understanding these viewpoints will be critical if EIM Governance proposals are to appeal to a broad set of possible participants.

Again BWP, like CMUA, is pleased to put forward the nomination of Mr. Braun. Let me know if I can be of assistance.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ron Davis".

Ron Davis
General Manager
Burbank Water and Power
