

INSTRUCTIONS
Security Posting – Letters of Credit

A Letter of Credit ("LOC"), subject to the criteria listed below, is an acceptable form of Financial Security ("Security") for meeting either the CAISO's and/or GridLiance West LLC's ("GLW") grid interconnection tariffs, or the terms of the Generator Interconnection Agreement ("GIA"), as applicable. GLW's standard form of the LOC is provided starting on page 2 of this document. All fields shown in blue highlighting must be completed.

GLW's criteria for accepting an LOC includes the following:

- (a) The issuing bank must have a credit rating of A or better by Standard and Poor's, or, A2 or better by Moody's; and,
- (b) The issuing bank must be a United States bank or a United States branch of a foreign bank.

GLW's standard practice is to review all Security to ensure acceptability, which will include the issuer's acceptability, as discussed above, as well as the acceptability of the Security's terms and conditions. Using GLW's standard form, without modification, will ensure that the terms and conditions of the Security are acceptable to GLW. If the issuer seeks modification to any of the conditions, GLW requires that prior to submission, a draft of the Security redlined against GLW's standard form should be sent to your GLW Project Manager and to the following email address: credit@gridliance.com. Please allow at least three (3) Business Days for GLW's review of the draft Security.

Either GLW's Project Manager or the CAISO has sent you an email that specified the posting due date for the Security. GLW must receive acceptable Security on or before this date. All Security is to be delivered to GLW at the following address:

GridLiance West LLC
c/o NextEra Energy
Transmission, LLC
Attn: Business Management
MailStop UST/JB
700 Universe Blvd.
Juno Beach, FL 33408

Questions about posting the Security should be directed to your GLW Project Manager.
