(Filed September 28, 2017)

**NOTICE OF AVAILABILITY OF THE CALIFORNIA INDEPENDENT SYSTEM  
OPERATOR CORPORATION FINAL 2020 LOCAL CAPACITY TECHNICAL STUDY**

Pursuant to Rule 1.9 of the California Public Utilities Commission (“Commission”) Rules of Practice and Procedure, the California Independent System Operator Corporation (CAISO) hereby provides notice to the service list for Rulemaking 17-09-020 that its Final 2020 Local Capacity Technical Study has been posted to the CAISO’s website. The Final Local Capacity Technical Study can be accessed at the following address:

<http://www.caiso.com/Documents/Final2020LocalCapacityTechnicalReport.pdf>.

As indicated in the CAISO’s March 29, 2019 comments in this proceeding, the CAISO and the Commission’s Energy Division staff have worked closely and collaboratively on the Flexible Capacity Requirement (FCR) study have agreed that additional time is necessary to complete that process. Consequently, as discussed with the Commission’s Energy Division staff and management, the CAISO intends to complete the final 2020 FCR report and provide it to the Commission on May 15, 2019.

Respectfully submitted,
