The Honorable Kimberly D. Bose  
Secretary  
Federal Energy Regulatory Commission  
888 First Street, NE  
Washington, DC 20426

**Re: California Independent System Operator Corporation  
Recollection Filing to Modify Collation Values of CAISO's eTariff of  
Commission-Approved Tariff Records – Filing 2 of 2**

**Docket No. ER23-\_\_\_\_-000**

Dear Secretary Bose:

The California Independent System Operator Corporation (CAISO) submits this recollection filing to modify the collation values of multiple tariff records in the CAISO Open Access Transmission Tariff (OATT).<sup>1</sup> The CAISO does not propose any changes to Commission-approved tariff language in this filing. Instead, the purpose of this filing is to reassign the collation values for multiple tariff records in the CAISO OATT.<sup>2</sup> The CAISO's eTariff database is near the cap of collation values and new collation values need to be assigned to a portion of the tariff records to ensure new tariff records can continue to be added in future filings.<sup>3</sup>

The CAISO requests that the Commission accept the recollated tariff records contained in this filing effective as of the latest effective date previously approved by the Commission for each tariff record.

---

<sup>1</sup> The CAISO submits this filing pursuant to section 205 of the Federal Power Act (FPA), 16 U.S.C. § 824d, and Part 35 of the Commission's Regulations, 18 C.F.R. Part 35. Capitalized terms not otherwise defined herein have the meanings set forth in Appendix A to the CAISO tariff, and references herein to specific tariff sections are references to sections of the CAISO tariff unless otherwise specified.

<sup>2</sup> Collation values determine the order in which each individual tariff record appear both in the CAISO eTariff and the eTariff located on FERC's website.

<sup>3</sup> The Commission has granted previous filings regarding collation values in the past. See *PJM Interconnection, L.L.C.*, Letter Order, Docket No. ER19-1599-000 (June 3, 2019) (accepting housekeeping tariff filing because sections were running out of collation values).

## I. DESCRIPTION OF FILING

During a recent filing to add a new appendix at the end of the CAISO OATT,<sup>4</sup> it was discovered that the collation value that was needed was near the cap. To avoid running out of space in the CAISO OATT database, the CAISO is proposing to reassign the collation values for all tariff records starting with Appendix L through Appendix II.

Due to the number of tariff records involved, the CAISO is splitting this filing into two submissions. Earlier today, a filing was submitted reassigning the collation values of Appendix L, through Appendix Z. This filing includes the new collation values for all tariff records starting with Appendix AA through Appendix II, specifically all sub-sections, articles, appendices and attachments of each appendix.

No redlines are included with this filing since no tariff modifications are proposed.

The CAISO requests that the Commission accept the recollated tariff records contained in this filing effective as of the latest effective date previously approved by the Commission for each tariff record.<sup>5</sup>

## II. Communications

The CAISO requests that all correspondence, pleadings, and other communications regarding this filing be served upon:

Sarah E. Kozal  
Counsel  
California Independent System  
Operator Corporation  
250 Outcropping Way  
Folsom, CA 95630  
Tel: (916) 956-8838  
Fax: (916) 608-7222  
E-mail: [skozal@caiso.com](mailto:skozal@caiso.com)

---

<sup>4</sup> *California Independent System Operator Corp.*, Transmittal Letter (filed July 12, 2022), Docket No. ER22-2362, introducing new Appendix JJ.

<sup>5</sup> The Commission has granted previous filings that requested an effective date as of the most recent effective date in filings that did not propose changes to existing tariff language. See *California Independent System Operator Corporation*, Letter Order, Docket No. ER21-1304-000/-001 (August 18, 2021) (accepting reconciliation filing between FERC-approved overlapping tariff sections).

### **III. Service**

The CAISO has served copies of this filing on the California Public Utilities Commission, the California Energy Commission, and all parties with Scheduling Coordinator Agreements under the CAISO tariff. In addition, the CAISO has posted a copy of the filing on the CAISO website.

### **IV. Conclusion**

For the reasons explained above, the CAISO requests that the Commission accept this filing to reassign the collation values for multiple tariff records in the CAISO OATT, effective the last effective date for each tariff record.

Respectfully submitted,

/s/ Sarah E. Kozal

Roger E. Collanton
