### Updates

The analysis of the events leading to the July 20, 2023 EEA Stage 1 Emergency is in progress and a detailed assessment will be included in the July 2023 Summer Market Performance Report that will be published at the end of August. A stakeholder call will be held for the July report after it is posted.

### Bi-Weekly Market Performance Report

The CAISO posted the bi-weekly market performance report for July 5-18, 2023. For July 5-18, 2023, the maximum day-ahead cleared demand was 48,040 MW and the maximum day-ahead DLAP price was \$398.98/MWh for the two weeks. The reasons for the price excursions in the fifteen-minute and five-minute markets are documented.

### Review of the Price Correction Report

During the week of July 10-14, 2023, the CAISO processed three intervals for price correction due to software defects. During the week of July 17-21, 2023, the CAISO processed 43 intervals for price correction due to software defects.
