

Resources Electing PIRP Protective Measures

California ISO	Version: 2.0
Resources Electing PIRP Protective Measures	Last Updated: 12/18/2014

The following resources submitted an application for PIRP Protective Measures to the ISO by the June 1, 2014, deadline, and their applications subsequently were determined by the ISO to meet the application requirements established in section 4.8.3 of the CAISO tariff. Qualifying Facility resources appearing on the list will be granted protective measures effective upon expiration of their Qualifying Facility contract and contingent upon becoming a Participating Intermittent Resource.
