

CAISO's SB350 Evaluation Plan

Wrap-up

PRESENTED TO:

SB350 CAISO Stakeholder Meeting

PRESENTED BY:

Judy Chang

February 8, 2016

THE **Brattle** GROUP

Wrap-Up: Where We Are To Date

Completed:

- ✓ Established the draft scenarios to analyze (E3/CAISO/Brattle)
- ✓ Developed a draft plan for analyzing impact on disadvantaged communities (Aspen)
- ✓ Developed a draft plan to study environmental impact (Aspen)
- ✓ Developed a draft plan to study job and economic impact (BEAR)
- ✓ Developed a draft plan for renewables expansion, thermal plant economics, and rate analyses (E3)
- ✓ Developed a draft plan for production cost modeling (CAISO/Brattle)
- ✓ Determined data needs to conduct analyses and work flow (E3/Aspen/BEAR/Brattle)
- ✓ Reviewed and summarized draft findings from other markets (Brattle)

Currently in progress:

- Setting up and analyzing production cost savings (CAISO/Brattle)
- Updating renewable expansion analysis (E3)
- Analyzing load diversity savings (Brattle)
- Analyzing TEPPC policy cases for reflecting carbon policies in rest of WECC (Brattle)
- Preparing for receiving stakeholders' feedback (CAISO/E3/Aspen/BEAR/Brattle)
- Setting up overall report structure (Brattle)
- Planning to present draft results in April

Wrap-Up: Project Timeline

Impact	Planning	Analyses	Results / Report	Public Workshop
