Re: Docket No. EL00-95-012

Dear Secretary Boergers:

On Friday, April 6, 2001, I filed the Response of the California Independent System Operator Corporation ("ISO") to Letter Order of March 30, 2001 in the above-referenced proceeding. Enclosed for filing are an original and six copies of a supplement to that response. Six copies are being filed in conformity with the directions in the letter order. Also in conformity with those directions, another copy of this supplemental response is being provided to Scott Miller of Commission staff.

Several of the attachments to this supplemental response, specifically Attachments D through L, contain information that is or may be confidential pursuant to section 20.3 of the ISO Tariff. The ISO requests confidential treatment for all of these attachments pursuant to 18 C.F.R. § 388.112 (2000). Some of these attachments are in hard copy; others are electronic, in CD-ROM format. The ISO may subsequently be able to identify certain of the information contained in one or more of these attachments as not requiring continued confidential treatment; if so, we will notify the Commission that such information may be released, and will re-file a public version of that specific information. Until the ISO might be able to identify such information, however, the ISO is requesting confidential treatment of all information in Attachments D through L.

Pursuant to 18 C.F.R. § 388.112(b)(1)(iv), the person to be notified concerning the request for confidential treatment is J. Phillip Jordan at the address in the letterhead. The telephone number is 202-424-7757, and the fax number is 202-424-7643.

Thank you for your assistance.

Respectfully submitted,

J. Phillip Jordan
Counsel for the California Independent
System Operator Corporation
