Dear Mr. Anders:

On May 31, 2011, the California Independent System Operator Corporation (CAISO) filed an executed Second Amendment to the Amended and Restated Metered Subsystem Agreement (Amendment No. 2) between CAISO and the City of Anaheim, California (Anaheim). CAISO states the primary purpose of Amendment No. 2 is to recognize the planned operation of a new Anaheim generating facility, the Canyon Power Plant, comprising of four combustion turbine units. Accordingly, CAISO states that Amendment No. 2 contains changes to the information regarding facilities on Anaheim's system and meters for Anaheim's facilities. In addition, the parties have made amendments to sections in order to prevent operational information from inadvertent distribution as well as updated information. Waiver of the Commission's notice requirements pursuant to section 35.11 of the Commission's rules and regulations (18 C.F.R. § 35.11) is granted and the proposed Amended and Restated Metered Subsystem Agreement which embodies the Second Amendment, is accepted for filing effective July 1, 2011, as requested.
