Purpose

The purpose of this document is to provide Market Participants with the information and steps needed to successfully process a Settlement Quality Meter Data Plan.

1. Responsibilities

Market Participant	Establishes a unique Project Number required for the submission of a Settlement Quality Meter Data (SQMD) Plan Template and supporting documentation (Single-Line Diagram) via the New Resource Implementation (NRI) process.
ISO New Resource Implementation (NRI) Team	Processes Project Details Form and conducts initial validation associated with the submitted SQMD Plan Template.

Settlement Quality Meter Data (SQMD) Plan – Submission & Approval Process (External)		Distribution Restriction: None	

ISO Energy Data Acquisition Specialists (EDAS) and Metering Analyst (MDAS) personnel	<ul style="list-style-type: none"> • Performs in-depth review and validation of received SQMD Plan Template and supporting documentation. • Provides timely customer feedback and status updates during the review and validation process. • Sends out a letter of Acceptance/Approval to the Market Participant upon successful completion of the review and validation process for the received SQMD Plan Template information.
---	---

2. Scope/Applicability

2.1 Background

Market Participants are required to submit and obtain ISO approval for a SQMD Plan **in accordance with Section 10.3.7.1 of the CAISO** Tariff for:

- Scheduling Coordinator Metered **Entities** (SCMEs) that were not participating as such before April 10, 2017.
- Repower.
- Modification of their Meter Data intervals (market resource level).
- Add generating capacity.

In addition to the above requirements, SQMD Plans are also required for proposed modifications which are subject to ISO review and approval, **in accordance with section 10.3.7.3 of the CAISO Tariff**.

2.2 Scope / Applicability

This procedure includes all aspects related to the submission and approval of **an** SQMD Plan, associated with a Scheduling Coordinator Metered Entity's (SCME) market resource(s) used within ISO Balancing Authority Area (BAA) and Energy Imbalance Markets (EIM), effective April 10, 2017, **in accordance with the** CAISO Tariff requirements.

 California ISO	Operating Procedure	Procedure No.	5750

Settlement Quality Meter Data (SQMD) Plan – Submission & Approval Process (External)		Distribution Restriction: None	

3. Procedure Detail

3.1 SQMD Plan Imposed by the CAISO Tariff

3.1.1 Establishing a Project Number (NRI)

A unique ISO NRI Project Number is required to process a SQMD Plan Template. This identifier will assist in the tracking and customer notification process to ensure project related deliverables are met according to the timelines established within the NRI Process.

Below are the related steps and supporting actions to establish a unique NRI Project Number:

Market Participant
<ol style="list-style-type: none"> To establish your unique NRI Project Number, you will need to complete a Project Details Form (PDF) located at: http://www.caiso.com/Documents/ProjectDetailsForm.docx and complete the designated fields identified on the form associated with your project. <i>Note: A new NRI Project Number will need to be established to make <u>any modifications</u> to a previously submitted and approved SQMD Plan.</i> Save the completed PDF as a Word document (.docx) <u>and include</u> “New Project” within the filename. Submit your PDF to NRI@CAISO.COM with “New Project” within the email subject line for processing to obtain your unique ISO NRI Project Number.

ISO
<ol style="list-style-type: none"> If complete, <ul style="list-style-type: none"> ISO NRI assigns a unique Project Number and an automated email goes out to the customer of record (Project Contact Name) identified on the submitted Project Detail Form. If missing Information, <ul style="list-style-type: none"> ISO NRI notifies customer via email of missing information.

Market Participant
<ol style="list-style-type: none"> If successful, <ul style="list-style-type: none"> Associate the NRI Project Number with the related SQMD Plan Template. If missing information, <ul style="list-style-type: none"> Update missing information Resubmit PDF to NRI@CAISO.COM

 California ISO	Operating Procedure	Procedure No.	5750
		Version No.	2.0
		Effective Date	7/03/2019
Settlement Quality Meter Data (SQMD) Plan – Submission & Approval Process (External)		Distribution Restriction: None	

3.1.2 Establishing a Project Number (EIM On-boarding Only)

During EIM On-boarding Only, the EIM entity will be allowed to submit a single spreadsheet (New Resource Implementation Energy Imbalance Market On-boarding Project Loader) capturing all required information affiliated with their market resources’ IDs associated with their EIM Metering Portfolio.

An EIM Metering Portfolio is comprised of all market resources Generation (Participating and Non-Participating), Interties, Inraties and Load representing an entity’s EIM participation.

For EIM On-boarding, due to the large volume of market resources, a single spreadsheet is used in lieu of the normal required individual PDF used to assist EIM entities in establishing their unique Project Numbers.

Market Participants - EIM Onboarding Only
<ol style="list-style-type: none"> Download the New Resource Implementation Energy Imbalance Market Onboarding Project Loader located at: http://www.caiso.com/Documents/NewResourceImplementationEnergyImbalanceMarketOnboardingProjectLoader.xlsx Complete <u>all</u> designated fields contained within the spreadsheet. <i>Note: Information requested within the spreadsheet may necessitate support by various business units within the EIM entity.</i> Save the completed spreadsheet (.xlsx) <u>and</u> include “EIMOnboarding” within the filename. Submit your completed spreadsheet to NRI@CAISO.COM with “New Project” in the subject line for processing to obtain your unique ISO NRI Project Numbers associated with your EIM Metering Portfolio market resources.

ISO – EIM Onboarding Only
<ol style="list-style-type: none"> If successful, <ul style="list-style-type: none"> ISO NRI assigns a unique Project Number for each market resource contained within the spreadsheet <u>and</u> notifies the customer of record (Project Contact Name) via email. If missing information, <ul style="list-style-type: none"> ISO NRI notifies customer via email of missing information.

 California ISO	Operating Procedure	Procedure No.	5750
		Version No.	2.0
		Effective Date	7/03/2019
Settlement Quality Meter Data (SQMD) Plan – Submission & Approval Process (External)		Distribution Restriction: None	

Market Participants – EIM Onboarding Only
<ol style="list-style-type: none"> 1. If successful, <ul style="list-style-type: none"> • Associate the NRI Project Number with the related SQMD Plan Template. 2. If missing information, <ul style="list-style-type: none"> • Update missing information. • Resubmit New Resource Implementation Energy Imbalance Market Onboarding Project Loader to NRI@CAISO.COM

3.1.3 SQMD Plan Template Submission & Approval Process

The ISO must approve a Scheduling Coordinator Metered Entity’s SQMD Plan which includes a *Single-Line Diagram (SLD)* and other requirements **in accordance with Section 10.3.7.1 of the CAISO** Tariff before the Scheduling Coordinator may submit Bids on its behalf into the ISO Markets.

Below are the steps needed to complete a SQMD Plan Template for ISO review and approval (excluding those SQMD Plans associated with “Modification(s) Only” which is covered in section 3.1.4):

Market Participant
<ol style="list-style-type: none"> 1. Access the SQMD Plan Template Tutorial to obtain guidance and understanding related to each field associated with the SQMD Plan Template located at: http://www.caiso.com/Documents/SQMDResourceTemplateTutorial.pdf 2. Download the SQMD Plan Template located at: http://www.caiso.com/Documents/SQMDPlanTemplate.docx 3. Complete <u>all</u> sections of the SQMD Plan Template <i>excluding</i> the “Modification(s)” section. 4. Name your file according to the NRI Checklist deliverables names in Column B “Document Title” of the spreadsheet along with your ISO project number and version number in the file name. Format: 14SCME1234 SQMD MeterConfig VerX (X = version #) 5. Save the completed SQMD Plan Template file as a Word document (.docx). 6. Submit the SQMD Plan Template via email to the New Resource Implementation (NRI) mailbox at NRI@CAISO.COM for processing. <i>Please include the Project Number (Only) within the Subject Line to ensure proper processing.</i> Subject Line: 14SCME1234 SQMD MeterConfig Ver1 <p>Note: Only <u>one</u> attachment per email.</p>

ISO
<ol style="list-style-type: none"> 1. ISO receives the submitted SQMD Plan Template for processing. 2. ISO NRI personnel performs initial validation to ensure proper naming convention and submitted by authorized contact. 3. If successful, <ul style="list-style-type: none"> • ISO NRI sends SQMD Plan Template on to ISO EDAS and MDAS for review and approval. 4. If incorrect information/formatting, <ul style="list-style-type: none"> • ISO NRI notifies Market Participant of issues needing resolution for re-submission of the SQMD Plan Template.

Market Participant
<ol style="list-style-type: none"> 1. If incorrect information/formatting, <ul style="list-style-type: none"> • Market Participants makes needed corrections <u>and</u> resubmits the SQMD Plan Template.

ISO
<ol style="list-style-type: none"> 1. ISO EDAS and MDAS Analyst begin review process. 2. If missing or additional information needed, <ul style="list-style-type: none"> • ISO EDAS or MDAS notifies customer of issues needing additional clarification and/or corrections for resolution. 3. If accepted, <ul style="list-style-type: none"> • ISO EDAS personnel will notify the Market Participant of the “Accepted” SQMD Plan via email.

Note: All SQMD Plans affiliated with the EIM On-boarding process must be individually accepted prior to receiving a letter of Acceptance/Approval.

3.1.4 SQMD Plan Template Submission & Approval Process (Modifications Only)

Scheduling Coordinator Metered Entities may propose for ISO approval modifications to approved SQMD Plans **in accordance with Section 10.3.7.3 of the CAISO** Tariff.

 California ISO	Operating Procedure	Procedure No.	5750
		Version No.	2.0
		Effective Date	7/03/2019
Settlement Quality Meter Data (SQMD) Plan – Submission & Approval Process (External)		Distribution Restriction: None	

Below are the steps needed to complete a SQMD Plan Template associated with modifications to an existing “approved” SQMD Plan. For modifications to a plan that has not yet been approved, please resubmit under original Project Number and supporting version number.

Market Participant
<ol style="list-style-type: none"> 1. Access the SQMD Plan Template Tutorial to obtain guidance and understanding related to each required field associated with the SQMD Plan Template located at: http://www.caiso.com/Documents/SQMDResourceTemplateTutorial.pdf 2. Download the SQMD Plan Template located at: http://www.caiso.com/Documents/SQMDPlanTemplate.docx 3. Fill out the “Modification(s)” section by capturing the related changes in addition to the following sections: <ul style="list-style-type: none"> • Participation: <u>All</u> relevant fields. • Contact Information: <u>All</u> sections. • Market Resource Attributes: Market Resource ID. • Any other section(s) associated with such “modifications” i.e., meter replacement, specific details should also be captured within the “Metering Device(s)” section of this Template, including updated SLD’s. 4. Name your file according to the NRI Checklist deliverables names in Column B “Document Title” of the spreadsheet along with your ISO project number and version number in the file name. Format: 14SCME1234 SQMD MeterConfig VerX (X = version #) 5. Save the completed SQMD Plan Template file as a Word document (.docx). 6. Submit the SQMD Plan Template via email to the New Resource Implementation (NRI) mailbox at NRI@CAISO.COM for processing. <i>Please include the Project Number (Only) within the Subject Line to ensure proper processing.</i> Subject Line: 14SCME1234 SQMD MeterConfig Ver1 <p>Note: Only <u>one</u> attachment per email.</p>

 California ISO	Operating Procedure	Procedure No.	5750

		Effective Date	7/03/2019
Settlement Quality Meter Data (SQMD) Plan – Submission & Approval Process (External)		Distribution Restriction: None	

ISO
<ol style="list-style-type: none"> 1. ISO receives the submitted SQMD Plan Template for processing. 2. ISO NRI personnel performs initial validation to ensure proper naming convention and was submitted by authorized contact(s). 3. If successful, <ul style="list-style-type: none"> • ISO NRI sends the SQMD Plan Template onto ISO EDAS and MDAS for review and approval. 4. If incorrect information/formatting, <ul style="list-style-type: none"> • ISO NRI notifies Market Participant of issues needing resolution for re-submission of SQMD Plan Template.

Market Participants
<ol style="list-style-type: none"> 1. If incorrect information/formatting, <ul style="list-style-type: none"> • Market Participant makes the needed corrections <u>and</u> resubmits the SQMD Plan Template.

ISO
<ol style="list-style-type: none"> 1. ISO EDAS and MDAS Analyst begin the review process. 2. If missing or additional information needed, <ul style="list-style-type: none"> • ISO EDAS or MDAS notifies customer of issues needing additional clarification and/or corrections for resolution. 3. If accepted, <ul style="list-style-type: none"> • ISO EDAS personnel will notify the Market Participant of the “Accepted” SQMD Plan via email.

3.1.5 Submission of a Single-Line Diagram (SLD)

A SLD with a professional engineering stamps or (equivalent) depicting the physical elements and relationships among the metering device(s) **is required to support a SQMD Plan Template.**

Listed below are the steps needed to submit a SLD:

Market Participant
<ol style="list-style-type: none"> 1. Name your file according to the NRI Checklist deliverables names in Column B “Document Title” of the spreadsheet along with your ISO project number and version number in the file name. Format: 14SCME1234 SLD VerX (X = version #) Note: Any file submitted with special character in the file name will be rejected.
